Redefining Product Excellence

Setting New Standards in
Advanced Tech Product Testing

January 2024

In the rapidly evolving tech landscape, Wipro-WEE leads in delivering superior testing services that ensure your products meet the highest quality and performance standards. Recognized by top analysts and leveraging our proprietary solutions & Labs, Tarang, AppAssure and DevAssure, we offer efficient, cost-effective testing that accelerates market readiness.

Our Core Testing Services:

AI-Augmented Testing:

Boost productivity and speed to market with our AI platforms, AI360 and Eliza.

Market Sentiment Analysis & Real-Time Testing:

Align testing strategies with market needs and ensure optimal real-world performance.

Offerings at a Glance:

Comprehensive Coverage:

From functionality to security, we ensure product integrity.

Customized Strategies:

Testing plans designed around your specific requirements.

Advanced Technology & Expert Team:

Utilizing the latest tools and methodologies, our skilled testers ensure success.

Global Standards Compliance:

We guarantee your product meets all industry regulations.

Expanded Services:

Test Consulting: Our experts provide strategic insights and actionable plans to enhance your testing processes, tools, and methodologies, ensuring you stay ahead in a competitive landscape.

As-A-Service Offerings: Embrace flexibility with our Testing-as-a-Service (TaaS), Testing Lab-as-a-Service (Laas) solutions, allowing you to scale your testing needs in alignment with your project timelines and budget constraints.

Setting up TCOE Models: Establish a Testing Center of Excellence (TCOE) with our guidance, fostering a culture of quality, efficiency, and continuous improvement across your organization.

Driving Transformation & Innovation: Leverage our expertise to integrate cutting-edge technologies like AI into your testing and development processes, propelling your products towards innovation and market leadership.

Wipro Tarang Lab: Your One-Stop Compliance Solution. A comprehensive Testing Facilities: For EMI/EMC, Bluetooth, Wi-Fi, 5G, and more, ensuring international regulatory compliance.

Expert Consulting & Certification: Navigate the certification process with our knowledgeable team, equipped with state-of-the-art facilities.

Partner with Wipro-WEE and Tarang Lab to ensure your products not only meet but exceed quality and performance expectations. Contact us at naga.r@wipro.com / +91-8861647689 to explore how we can support your success.
