

Wipro's Virtuadesk™ powered by Cisco

Leading your business in the
post-COVID world

Work-at-home is now the ‘new culture’ every organization has accepted globally post-COVID. This has driven far-reaching global technology implications, including well-crafted work from home connectivity and business continuity plan with a stepped-up demand for solutions like virtual desktop infrastructure and flexible Desktop-as-a-Service. Wipro’s VirtuaDesk™ in collaboration with Cisco offers a differentiated business continuity solution designed to introduce an intelligent workplace leveraging Cloud architecture principles built on Cisco’s hyper-converged infrastructure. It creates high-performing, cost-effective, secure, and fast delivering virtual desktops and applications for the mobile workforce.

Wipro’s Virtuadesk™, powered by Cisco, ensures that your employees have secure access to corporate data anywhere, anytime and from any device - so that your business continuity and employee productivity are not impacted in the event of an emergency.

Why Wipro’s VirtuaDesk™ powered by Cisco Hyperflex?
