Delivering Mac **choice** to your employees **today**

Designing and deploying a corporate-provisioned employee choice program that incorporates Windows and Apple® products within your existing IT infrastructure can be daunting. Wipro makes it easier.

Our evaluation and proof-of-concept services provide the support and tools necessary to prepare your IT environment for a quick, seamless transition to Mac.

Wipro's deep expertise in end-user services—from device sourcing to deployment to security to support—allows enterprises to order Apple products and have them distributed directly to employees with zero-touch deployment. The device policies and applications are configured over the air.

From the initial power-on, the Mac is set up automatically without any interaction with IT and can be easily maintained and kept compliant with policies while saving time, reducing costs, enhancing governance and delighting employees.
