

Mac In Enterprise Evaluation

Support and Scale Mac® in your Enterprise

ACCORDING TO A RECENT SURVEY, 73% OF RESPONDENTS FEEL MORE LOYAL WHEN THEIR COMPANY PROVIDES CHOICE.

MAC IN ENTERPRISE EVALUATION BENEFITS

Let Wipro's Apple experts show you how well Mac integrates into your existing IT environment. We combine onsite and remote services to:

- Integrate, deploy and manage your Apple products.
- Assist with getting corporate Wi-Fi, VPN and other critical services to work seamlessly on managed Macs.
- Closely work with your Security and Compliance teams for collaborative efforts.
- Mentor your support staff.
- Provide immediate feedback.
- Deliver a clear, focused report with actionable recommendations.

TIME REQUIRED

Timing is critical, so we provide detailed feedback and deliver a report within two business weeks. The process includes:

- Pre-visit calls prior to the on-site assessment
- Up to four days of hands-on discovery sessions with your technology teams to provide best practices for managing Macs
- In-depth closing session covering the key findings and actionable recommendations
- A formal report customized for you based on our onsite discovery.
- Share research, processes, tools and methodologies for optimum outcome.
- Progress check six weeks after closing session
- Follow up for knowledge transfer
- Plan next steps

Delivering Mac **choice** to your employees **today**

Designing and deploying a corporate-provisioned employee choice program that incorporates Windows and Apple® products within your existing IT infrastructure can be daunting. Wipro makes it easier.

Our evaluation and proof-of-concept services provide the support and tools necessary to prepare your IT environment for a quick, seamless transition to Mac.

Wipro's deep expertise in end-user services—from device sourcing to deployment to security to support—allows enterprises to order Apple products and have them distributed directly to employees with zero-touch deployment. The device policies and applications are configured over the air.

From the initial power-on, the Mac is set up automatically without any interaction with IT and can be easily maintained and kept compliant with policies while saving time, reducing costs, enhancing governance and delighting employees.
