Wipro Launches Wipro Shelde Australia to Bolster Sovereign Cybersecurity Capabilities

The new offering will advance Wipro's competitive position with government agencies as well as in critical infrastructure industries

SYDNEY | BANGALORE, India – Aug. 11, 2022 – Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading technology services and consulting company, announced the launch of Wipro Shelde Australia, a sovereign cybersecurity offering for the Australian government and critical infrastructure industries, to help navigate the cyber threat landscape. [Wipro acquired Ampion in 2021](#) and in integrating its two businesses – Shelde and Revolution IT – into Wipro, it gained access to specialist Australian cybersecurity, DevOps and engineering capabilities. The specialist Australian cybersecurity services provided by Shelde will now be promoted under the new offering.

This offering will provide clients access to local next-generation cybersecurity services through a pool of national security cleared consultants, experienced with the PGPA Act, Privacy Act, Protective Security Policy Framework, Essential 8, The Information Security Manual and Commonwealth Risk Management Policy. It will bolster Wipro's comprehensive global cybersecurity and risk services to help clients meet critical business imperatives. In addition, clients can also leverage its security Zone 3 protected facility in Canberra¹ for prototyping solutions up to PROTECTED. All of this comes with the support of Wipro's [Melbourne Cyber Defence Centre](#), which enables customers to rapidly expand capacity and run their security operations in compliance with the local data requirements.

Anis Chenchah, CEO - APMEA (Asia Pacific, India, Middle East and Africa) and Member of Wipro Executive Board, Wipro Limited, said, "With the Ampion integration now complete, we are pleased to launch Wipro Shelde Australia, our sovereign cybersecurity offering to help clients build and strengthen their cyber resilience. I am confident that this differentiated competency, along with our global leadership and strengths in cybersecurity, will continue to help us deliver transformative client-centric outcomes for the Australian market."

Wipro's Cybersecurity & Risk Services (CRS) enables global enterprises to enhance their business resilience through an integrated risk management approach and has been acknowledged as a [Leader by Everest Group PEAK Matrix® for IT Managed Security Service \(MSS\) Providers, 2021](#).

This year, Wipro celebrates its 21st anniversary in Australia. Wipro has strategic partnerships with several leading organisations in industries such as Banking & Financial Services, Telecommunications, Public Sector and Energy & Utilities. With a prominent presence across the

¹ Zone Three is a level of assurance required for facilities that support the sharing of sensitive and security classified information and assets. Learn about these classifications here:

major cities in Australia and a strong talent base, Wipro is well equipped to deliver on its mission to be a truly multi-faceted consulting, technology services and transformation partner.

Recognised as a [Top Employer in Australia](#) for three consecutive years by Top Employers Institute, Wipro is also committed to developing the next generation of young STEM talent through partnerships with local universities. As part of this commitment, it has doubled the number of Australian graduate positions being hired in the cyber space.

Forward-Looking Statements

The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry.

Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
