Wipro makes its debut as a Leader in IDC's MarketScape: Worldwide Salesforce Implementation Services 2021 Vendor Assessment

New York, USA, and Bangalore, India – February 10, 2022: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced it has been named a Leader in the IDC MarketScape: Worldwide Salesforce Implementation Services 2021 Vendor Assessment.

To qualify for this IDC MarketScape, companies are required to have at least 300 Salesforce-certified professionals as on May 31, 2021. Eligible firms were evaluated based on IDC's comprehensive framework and a set of parameters expected to be most conducive to delivering short- and long-term success with Salesforce implementation services.

"Buyers rate Wipro highly for providing appropriate and high-quality Salesforce resources, and for the overall value provided by the company," said **Ali Zaidi, Research Vice President, IDC**, who authored the report. "Wipro's strategic investments during the past four years have expanded its Salesforce capabilities and brought more-pronounced emphasis on employee and customer experience in its Salesforce implementation services."

"Companies are seeking platforms that can help accelerate their digital transformation and deliver superior customer experience, driving business value," said **Hari Raja, Global Salesforce Practice Head, Wipro Limited**. "We have made investments in the Salesforce Practice to build industry-focused solutions that can accelerate the time to market. We have also developed capabilities for executing multi-cloud engagements encompassing sales, service, marketing, experience, analytics, Integration & Industry Clouds, delivering value to our customers"

Wipro is one of just five vendors rated a Leader in the quadrant this year.

About IDC MarketScope

IDC MarketScope vendor assessment model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScope provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective vendors.
