Wipro positioned as a 'Leader' in Gartner 2020 Magic Quadrant for Data Center Outsourcing and Hybrid Infrastructure Managed Services, Asia Pacific

East Brunswick, New Jersey, USA and Bangalore, India – August 05, 2020: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has been positioned as a Leader in Gartner's Magic Quadrant for Data Center Outsourcing and Hybrid Infrastructure Managed Services, Asia Pacific. The report, authored by DD Mishra, Claudio Da Rold, To Chee Eng, David Groombridge was published on June 23, 2020. Wipro has been positioned as a Leader in this research report for the second consecutive year.

The report highlights that “This Magic Quadrant evaluates the abilities of service providers to deliver DCMS — including data center outsourcing, HIMS, private cloud services, mainframe services, ERP hosting, data center transformation, cloud migration services, edge DCMS and other IUS. Services are enabled by RIM services, intelligent automation services and software-defined infrastructure (SDI).”

According to Gartner analysts, “By 2021, many CIOs will fail to capitalize on technology innovation that could reduce the cost of data center outsourcing services up to 50%. By 2023, 90% of large enterprises will prefer nonlinear, more rapid and agile methods for evaluation and selection of infrastructure and communications service providers, up from 35% currently.”

Kiran Desai, Senior Vice President and Global Head, Cloud and Infrastructure Services, Wipro Limited said, “We are excited to be positioned as a Leader for the second consecutive year. We think this validates our capabilities in Data Center and Cloud solutions including modernization, migration, Edge/Internet of Things hybrid infrastructure managed services and Intelligent automation powered by Wipro Holmes™. Our continued investment in technologies such as BoundaryLess Enterprise solution and our design-led business-first approach will continue to deliver business outcomes for our customers.”

Forward-Looking Statements

The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry. The conditions caused by the COVID-19 pandemic could decrease technology spending, adversely affect demand for our products, affect the rate of customer spending and could adversely affect our customers' ability or willingness to purchase our offerings, delay prospective customers' purchasing decisions, adversely impact our ability to provide on-site consulting services and our inability to deliver our customers or delay the provisioning of our offerings, all of which could adversely affect our future sales, operating results and overall financial performance. Our operations may also be negatively affected by a range of external factors related to the COVID-19 pandemic that are not within our control. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
