

Wipro – Presentation to Investors

April – June, 2013

Safe Harbor

This presentation may contain certain “forward looking” statements, which involve a number of risks, uncertainties and other factors that could cause actual results to differ materially from those that may be projected by these forward looking statements. These uncertainties have been detailed in the reports filed by Wipro with the Securities and Exchange Commission and these filings are available at www.sec.gov. This presentation also contains references to findings of various reports available in the public domain. Wipro makes no representation as to their accuracy or that the company subscribes to those findings.

Agenda

1 Our track record on performance

2 Overall Market Opportunity

3 Our Strategy

4 Demerger Scheme

Track Record on Performance

IT Services Business has grown at a CAGR of 16% in the last 6 years

Revenues for FY13 at \$6.2 billion

| Partner to Industry Leaders | Global Footprint | Diverse Talent Pool |
|--|--|---|
| <ul style="list-style-type: none"> 978 active global clients as of March 31, 2013 150+ Fortune 500 customers | <ul style="list-style-type: none"> Listed on NYSE in October 2000 Present in 54 countries 20,000+ employees onsite across geographies | <ul style="list-style-type: none"> 145,000+ employees 98 nationalities represented in workforce |

Broad Based Portfolio

Revenue contribution of Top customers for Q4'12-13

| Customer Concentration (% of revenue) | |
|---------------------------------------|-------|
| Top customer | 3.6% |
| Top 5 | 13.1% |
| Top 10 | 21.9% |

10 Customers with revenues greater than \$100 MN; 490 customers with \$1 million revenue on trailing 12 month basis

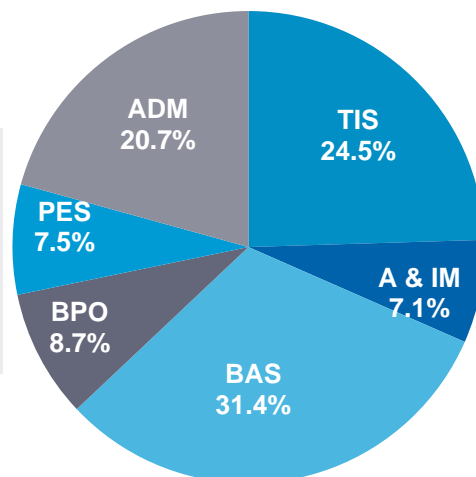

Vertical

Diversified Vertical portfolio, with no vertical contributing more than 26%

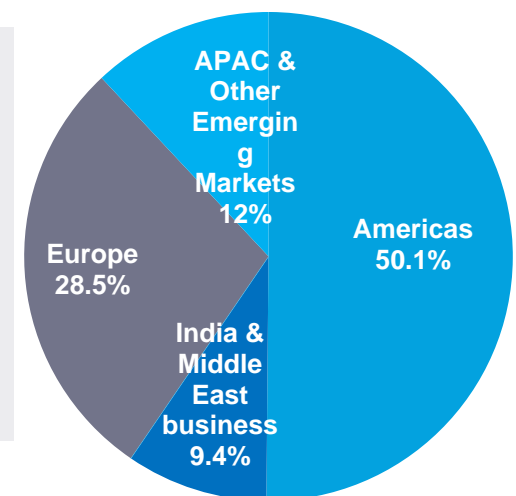

Service Line distribution

Total integrated consulting revenues constitute >2% of Revenue

Geographical Distribution

1. Scale in Western markets
2. Strong presence in Emerging markets
3. Balance to align "Global spend and Growth in spend"

Strategic Partnerships

Accelerate Innovation | Increase ROI | Industry Expertise | Trusted Network | Emerging Technology

Strategic Alliance Portfolio

- Strategic initiatives across Cloud, Analytics, Mobility
- Improved customer penetration and global go-to-market
- Co-innovation and Co-creation of Solutions
- Emerging Market Focus – reverse innovation of products
- Synergistic Partnership ecosystem for the future –
- Sell To, Sell With, Co Innovate

Mega-alliance strategy places Wipro in a unique position in the world of consolidating 'stacks'

Overall Market Opportunity

India Off-shoring market is expected to grow at a CAGR of ~12-21% through 2020

India's offshore IT and BPO exports (\$B)

Long Term Fundamentals of the India Off-shoring story remain intact

CAGR of 12% to 21%

Our Strategy

Agenda

- 1 Evolving Market Context**
- 2 Organization Re-Design**
- 3 Enabling Ambition – Our Strategy**
- 4 Implications of our Strategy**

1

Mega trends are changing the way our customers do business with their customers and with us...

Innovation imperative to win in a 'world of constraints'

1. Constraints in Energy, Raw material, Talent & capital giving rise to new opportunities for providers to play & win
2. Businesses will have to rapidly redesign value chains to increase efficiency / reduce consumption and dependence on 'constrained resources'

Business Agility through variabilization of IT

1. Organizations looking to be more agile, flexible and responsive in dealing with their customers
2. Leveraging Cloud Services to enable variabilization

Consumerization of IT fuelling business value

1. Companies leveraging personalized feedback on products & services.
2. Consumer market driving enterprise technology advances & deployment.
3. Mobile & social technologies driving significant revenue streams

Business performance through analytics

1. Leading companies across industries using analytics & big data to outperform their peers
2. Analytics enabling customer insights, operations optimization, product/service innovation & continuous process improvements

1 ... leading to a change in customer expectations

Old Paradigm

1. Basis of engagement lower cost , efficiency & quality.
2. IT as a back office
3. Traditional services AD, AM & Infrastructure based services.
4. Large and Longer deal durations with traditional outsourcing providers.
5. Client port of call – CIO office

New Paradigm

1. Basis of engagement co-innovation, outcome based risk/reward models.
2. IT as a strategic enabler for business driving new client offerings & business models.
3. Multi service, multi industry solutions & new digital services
4. Cloud delivery models changing deal metrics and with specialist providers.
5. Client ports of call : Line of Business, CMO, CFO, COO & CIO

Given changing customer expectations, we are Re-Designing the organization to succeed in the new market dynamic

2 The changing market dynamic requires that we design the organization for GROWTH

OUR STRATEGY

1. Sales Transformation
2. Deep domain & SI expertise
3. Solution oriented and platform based assets

1. Predictable delivery
2. Workflow, tool based approach to industrialize delivery
3. Differentiated competencies

CUSTOMER AT THE CORE

3 Differentiation in the Front

a CHANGE THROUGH DESIGN

1. Sales Transformation
2. Prioritized Allocation of resources around Accounts, Verticals and Geographies

b DOMAIN & SOLUTION FOCUS

1. Building deep domain expertise (inch wide and mile deep)
2. Business Transformation (Consultative) led selling
3. SI & Architecture capabilities

Differentiation
in the front

d MERGERS & ACQUISITIONS

1. Domain Gaps
2. Technology Gaps
3. Geographic Expansion
4. Captives

c DISRUPTIVE TECHNOLOGIES

1. Cloud
 - i. On Cloud & Cloud Enablement services
2. Analytics
 - i. Advanced Analytics (Predictive, Real Time)
3. Mobility
 - i. Enterprise Focus

● How we sell

● What we sell

3a Change Through Design

Sales Transformation

1. Global Client Partner model for Mega/Gama & Growth accounts
2. Dedicated hunting teams for new customer acquisitions
3. Sales Enablement teams for training and up-skilling.
4. Domain & SI based selling
5. Selling to lines of business and functions in the customer organization

Prioritized 'Resource' Allocation

1. Focus on the Top 125 Accounts
2. Leveraging High Growth opportunities in verticals such as such as Financial Services, Energy Natural Resources & Utilities, Healthcare, Pharma, Retail , Transportation , Process Mfg., Consumer Electronics & Industrial Mfg.
3. Leveraging High Growth opportunities in markets such as Germany, France, Nordics India , Middle East & Africa & Mature markets (US & UK)

3b Domain & Solution Focus

Driving Domain Centricity

1. Institutionalized Domain framework across Verticals
2. Three tracks to Domain approach (1) Domain consulting, (2) Domain Solutions (3) Domain SI
3. Dedicated Domain structure under each Vertical led by a Vertical domain head
4. Institutionalized Domain Career framework with clear role definitions & career path
5. Institutionalized approach to building Domain Solutions, Domain partnerships & Domain measures

Solution Approach

1. Productized service & Platform based approach to building Solutions
2. Solutions incorporate Technology, Domain & Business view
3. Nurturing high potential & Domain centric Solutions through the H2/H3 program

Innovation at the intersection of disruptive technologies

Mobility

1. Focused on Enterprise Mobility Solutions
2. Drive Business Process Transformation enabled by Mobility.
3. Solution focus leveraging technologies such as Machine-to-Machine (M2M), Near Field Communication & Augmented Reality

Analytics

1. Focused on providing Analytics led Services and Solutions
2. Focused areas for Investments include Customer Analytics, Risk and Stress analytics, Pricing Analytics, Big Data Strategy & Consulting.

Cloud

1. Two pronged strategy - offering Wipro Solutions on Cloud (On Cloud Services) & System Integration services around Cloud (Cloud Enablement Services)
2. On Cloud Strategy focused on Vertical solutions
3. Cloud Enablement Services includes playing the role of a trusted cloud aggregator, federator and provider; Invest in IP and frameworks e.g. advisory tools.

Mergers & Acquisitions

5 key priority areas

1. **Domain Focused Assets** – Targets with Deep Domain Knowledge or high customer concentration in identified verticals
2. **Technology Focused Assets** - Targets with IP/Platform/Technical skills in identified areas of Analytics, Cloud and Mobility
3. **Geography Focused Assets** - Targets with a High Focus Geo presence with chosen Technical expertise
4. **Captives**
5. **Large Account Penetration**

4 Standardization at the Core

Hyper Automation

1. Integrated workflow based delivery system with reusable assets & tools
2. Platform based delivery for Managed services

Technology & Delivery Model

1. Agile delivery model
2. Componentized work
3. Crowdsourcing talent pools

Operational Excellence

1. Supply Chain segmentation – Tiered service levels
2. Cycle time reduction across Hiring, Fulfillment & Training
3. Alternate local delivery centers for accessing local talent pool

Annexure - Key Highlights of IT and Other Businesses
