Our Strategy
5 market discontinuities that could transform the industry

1. Consumerization
   - Enriching consumer experience - digital content leading to hyper personalization
   - Variable consumption models - Need for flexibility, speed, responsive & capex-light models driving innovations in pricing
   - Mobile is becoming the key channel for commerce
   - Multichannel capabilities & front office systems to drive differentiation

2. Consumption Models
   - ‘Business process as a service’ (Utility Models) for Back office
   - Middle office integration into back office to increase speed to market

3. Regulation
   - FACTA, Dodd Frank Act, Obama-care will increase technology spending
   - New visa regulations could change the model of global delivery

4. Complexity
   - Managing complexity of legacy businesses in core areas
   - E.g. – Closed Book Processing

5. Changing Stakeholder Influence
   - IT decision making beyond CIO
   - CMO, CFO & business heads to play key roles in IT decisions

Note: ERP is Enterprise Resource Planning, FACTA is Fair and Accurate Credit Transactions Act, CMO is Chief Marketing Officer
