1. The Company overview

Wipro Limited (“Wipro” or the “Parent Company”), together with its subsidiaries and controlled trusts (collectively, “we”, “us”, “our”, “the Company” or the “Group”) is a global information technology (“IT”), consulting and business process services (“BPS”) company.

Wipro is a public limited company incorporated and domiciled in India. The address of its registered office is Wipro Limited, Doddakannelli, Sarjapur Road, Bengaluru – 560 035, Karnataka, India. The Company has its primary listing with BSE Ltd. and National Stock Exchange of India Limited. The Company’s American Depository Shares (“ADS”) representing equity shares are also listed on the New York Stock Exchange.

The Company’s Board of Directors authorized these interim condensed consolidated financial statements for issue on April 27, 2023.

2. Basis of preparation of interim condensed consolidated financial statements

(i) Statement of compliance and basis of preparation

These interim condensed consolidated financial statements have been prepared in compliance with IAS 34, “Interim Financial Reporting”, as issued by the International Accounting Standards Board (“IASB”). Selected explanatory notes are included to explain events and transactions that are significant to understand the changes in financial position and performance of the Company since the last annual consolidated financial statements as at and for the year ended March 31, 2022. These interim condensed consolidated financial statements do not include all the information required for full annual financial statements prepared in accordance with International Financial Reporting Standards and its interpretations (“IFRS”).

The interim condensed consolidated financial statements correspond to the classification provisions contained in IAS 1 (revised), “Presentation of Financial Statements”. For clarity, various items are aggregated in the interim condensed consolidated statements of income and interim condensed consolidated statements of financial position. These items are disaggregated separately in the notes to the financial statement, where applicable. The accounting policies have been consistently applied to all periods presented in these interim condensed consolidated financial statements except for the adoption of new accounting standards, amendments and interpretations effective from April 1, 2022.

All amounts included in the interim condensed consolidated financial statements are reported in millions of Indian rupees (₹ in millions) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures. Previous period figures have been regrouped/rearranged, wherever necessary.

(ii) Basis of measurement

These interim condensed consolidated financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items which have been measured at fair value as required by relevant IFRS:

- Derivative financial instruments;
- Financial instruments classified as fair value through other comprehensive income or fair value through profit or loss;
- The defined benefit liability/(asset) recognized as the present value of defined benefit obligation less fair value of plan assets; and
- Contingent consideration.

(iii) Convenience translation (unaudited)

The accompanying interim condensed consolidated financial statements have been prepared and reported in Indian rupees, the functional currency of the Parent Company. Solely for the convenience of the readers, the interim condensed consolidated financial statements as at and for the three months and year ended March 31, 2023, have been consistently translated into United States dollars at the certified foreign exchange rate of US$1 = ₹ 82.19 as published by Federal Reserve Board of Governors on March 31, 2023. No representation is made that the Indian rupee amounts have been, could have been or could be converted into United States dollars at such a rate or any other rate. Due to rounding off, the translated numbers presented throughout the document may not add up precisely to the totals.

(iv) Use of estimates and judgment

The preparation of the interim condensed consolidated financial statements in conformity with IFRS requires the management to make judgments, accounting estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Accounting estimates are monetary amounts in the interim condensed consolidated financial statements that are subject to measurement uncertainty. An accounting policy may require items in the interim condensed consolidated financial statements to be measured at monetary amounts that cannot be observed directly and must instead be estimated. In such a case, management develops an accounting estimate to achieve the objective set out by the accounting policy. Developing accounting estimates involves the use of judgements or assumptions based on the latest available and reliable information. Actual results may differ from those accounting estimates.

Accounting estimates and underlying assumptions are reviewed on an ongoing basis. Changes to accounting estimates are recognized in the period in which the estimates are changed and in any future periods affected. In particular, information about material areas of estimation, uncertainty and critical judgments in applying accounting policies that have material effect on the amounts recognized in the interim condensed consolidated financial statements are included in the following notes:
Revenue recognition: The Company applies judgement to determine whether each product or service promised to a customer is capable of being distinct, and is distinct in the context of the contract, if not, the promised product or service is combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation deliverables based on their relative stand-alone selling price. In cases where the Company is unable to determine the stand-alone selling price the Company uses expected cost-plus margin approach in estimating the stand-alone selling price. The Company uses the percentage of completion method using the input (cost expended) method to measure progress towards completion in respect of fixed price contracts. Percentage of completion method accounting relies on estimates of total expected contract revenue and costs. This method is followed when reasonably dependable estimates of the revenues and costs applicable to various elements of the contract can be made. Key factors that are reviewed in estimating the future costs to complete include estimates of future labor costs and productivity efficiencies. Because the financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, revenue recognized, profit and timing of revenue for remaining performance obligations are subject to revisions as the contract progresses to completion. When estimates indicate that a loss will be incurred, the loss is provided for in the period in which the loss becomes probable. Volume discounts are recorded as a reduction of revenue. When the amount of discount varies with the levels of revenue, volume discount is recorded based on estimate of future revenue from the customer.

Impairment testing: Goodwill recognized on business combination is tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of goodwill or a cash generating unit to which goodwill pertains, is less than the carrying value. The Company assesses acquired intangible assets with finite useful life for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The recoverable amount of an asset or a cash generating unit is higher of value-in-use and fair value less cost of disposal. The calculation of value in use of an asset or a cash generating unit involves use of significant estimates and assumptions which include turnover, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

Income taxes: The major tax jurisdictions for the Company are India and the United States of America. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Company considers expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realizable, however, could reduce in the near term if estimates of future taxable income during the carry-forward period are reduced.

Business combinations: In accounting for business combinations, judgment is required to assess whether an identifiable intangible asset is to be recorded separately from goodwill. Additionally, estimating the acquisition date fair value of the identifiable assets acquired (including useful life estimates), liabilities assumed, and contingent consideration assumed involves management judgment. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by management. Changes in these judgments, estimates, and assumptions can materially affect the results of operations.

Defined benefit plans and compensated absences: The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Expected credit losses on financial assets: The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the expected credit loss calculation based on the Company’s history of collections, customer’s creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

Provisions and contingent liabilities: The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting date and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognized nor disclosed in the financial statements.
3. Material accounting policy information

Please refer to the Company’s Annual report for the year ended March 31, 2022, for a discussion of the Company’s other material accounting policy information except for the adoption of new accounting standards, amendments and interpretations effective on or after April 1, 2022.

New amendment adopted by the Company effective from April 1, 2022:

**Amendments to IAS 12 – “Income Taxes”**

On May 7, 2021, the IASB amended IAS 12 “Income Taxes” and published ‘Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)’ that clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. In specified circumstances, companies are exempt from recognizing deferred tax when they recognize assets or liabilities for the first time. The amendments clarify that this exemption does not apply to transactions such as leases and decommissioning obligations and companies are required to recognize deferred tax on such transactions. These amendments are effective for annual reporting periods beginning on or after January 1, 2023 and are to be applied retrospectively, with earlier application permitted. The adoption of amendments to IAS 12 is not expected to have any material impact on the interim condensed consolidated financial statements.

New amendments not yet adopted:

Certain new standards, amendments to standards and interpretations are not yet effective for annual periods beginning after April 1, 2022 and have not been applied in preparing these interim condensed consolidated financial statements. New standards, amendments to standards and interpretations that could have potential impact on the interim condensed consolidated financial statements of the Company are:

**Amendments to IAS 12 – “Income Taxes”**

On May 7, 2021, the IASB amended IAS 12 “Income Taxes” and published 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)' that clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. In specified circumstances, companies are exempt from recognizing deferred tax when they recognize assets or liabilities for the first time. The amendments clarify that this exemption does not apply to transactions such as leases and decommissioning obligations and companies are required to recognize deferred tax on such transactions. These amendments are effective for annual reporting periods beginning on or after January 1, 2023 and are to be applied retrospectively, with earlier application permitted. The adoption of amendments to IAS 12 is not expected to have any material impact on the interim condensed consolidated financial statements.

**Amendments to IAS 1 – Presentation of Financial Statements**

On January 23, 2020, the IASB issued “Classification of liabilities as Current or Non-Current (Amendments to IAS 1)” providing a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangement in place at the reporting date. The amendments aim to promote consistency in applying the requirements by helping companies to determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially to be settled within one year) or non-current. The amendments also clarified the classification requirements for debt a company might settle by converting it into equity. These amendments are effective for annual reporting periods beginning on or after January 1, 2023, and are to be applied retrospectively, with earlier application permitted. The adoption of amendments to IAS 1 is not expected to have any material impact on the interim condensed consolidated financial statements.

**Amendments to IAS 1 – Presentation of Financial Statements**

On October 31, 2022, IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)'. The amendments specify that covenants to be complied with after the reporting date do not affect the classification of debt as current or non-current at the reporting date. Instead, the amendments require a company to disclose information about these covenants in the notes to the financial statements. The amendments are effective for reporting periods beginning on or after January 1, 2024, with earlier application permitted. The adoption of these amendments to IAS 1 are not expected to have any material impact on the interim condensed consolidated financial statements.

**Amendments to IFRS 16 – Leases**

On September 22, 2022, IASB issued ‘Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)’ that specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognize any amount of the gain or loss that relates to the right of use it retains. The amendment is intended to improve the requirements for sale and leaseback transactions in IFRS 16 and will not change the accounting for leases unrelated to sale and leaseback transactions. These amendments are effective for annual reporting periods beginning on or after January 1, 2024, and are to be applied retrospectively, with earlier application permitted. The adoption of amendments to IFRS 16 is not expected to have any material impact on the interim condensed consolidated financial statements.

<td>₹ 33,883</td>
<td>₹ 9,672</td>
<td>₹ 43,555</td>
</tr>
</tbody>
</table>

(1) Includes ₹ 36 towards measurement period adjustment in customer-related intangible in an acquisition completed during the year ended March 31, 2022.
(2) During the year ended March 31, 2023, decline in the revenue and earnings estimates led to revision of recoverable value of customer-relationship intangible assets and marketing related intangible assets recognized on business combinations. Consequently, the Company has recognized impairment charge ₹ 650 and ₹ 1,816 for the three months and year ended March 31, 2023, as part of amortization and impairment.

Amortization expense on intangible assets is included in selling and marketing expenses in the interim condensed consolidated statement of income.

7. Business combinations

Summary of acquisitions during the year ended March 31, 2023 is given below:

During the year ended March 31, 2023, the Company has completed two business combinations by acquiring 100% equity interest in:

(a) Convergence Acceleration Solutions, LLC (“CAS Group”), a US-based consulting and program management company that specializes in driving large-scale business and technology transformation for Fortune 100 communications service providers. The acquisition advances the Company’s strategic consulting capabilities as we help our clients drive large scale business and technology transformation. The acquisition was consummated on April 11, 2022, for total consideration (upfront cash to acquire control and contingent consideration) of ₹ 5,587.

(b) Rizing Intermediate Holdings, Inc and its subsidiaries (“Rizing”), a global SAP consulting firm with industry expertise and consulting capabilities in enterprise asset management, consumer industries, and human experience management. Rizing complements the Company in capabilities (EAM, HCM and S/4HANA), in industries such as Energy and Utilities, Retail and Consumer Products, Manufacturing and Hi Tech in geographies across North America, Europe, Asia, and Australia. The acquisition was consummated on May 20, 2022, for a total cash consideration of ₹ 43,845.

The following table presents the purchase price allocation:

<table>
<thead>
<tr>
<th>Description</th>
<th>CAS Group</th>
<th>Rizing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Net assets</td>
<td>₹ 532</td>
<td>₹ 3,936</td>
</tr>
<tr>
<td>Fair value of customer-related intangibles</td>
<td>₹ 1,708</td>
<td>₹ 3,894</td>
</tr>
<tr>
<td>Fair value of marketing-related intangibles</td>
<td>-</td>
<td>₹ 482</td>
</tr>
<tr>
<td>Deferred tax liabilities on intangible assets</td>
<td>-</td>
<td>(₹ 1,750)</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>₹ 2,240</td>
<td>₹ 6,562</td>
</tr>
<tr>
<td>Goodwill</td>
<td>₹ 3,347</td>
<td>₹ 37,283</td>
</tr>
<tr>
<td><strong>Total purchase price</strong></td>
<td>₹ 5,587</td>
<td>₹ 43,845</td>
</tr>
</tbody>
</table>

Net Assets include:

<table>
<thead>
<tr>
<th>Description</th>
<th>CAS Group</th>
<th>Rizing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash and cash equivalents</td>
<td>₹ 127</td>
<td>₹ 2,114</td>
</tr>
<tr>
<td>Fair value of acquired trade receivables included in net assets</td>
<td>₹ 452</td>
<td>₹ 3,220</td>
</tr>
<tr>
<td>Gross contractual amount of acquired trade receivables</td>
<td>₹ 452</td>
<td>₹ 3,233</td>
</tr>
<tr>
<td>Less: Allowance for lifetime expected credit loss</td>
<td>-</td>
<td>(₹ 13)</td>
</tr>
<tr>
<td>Transaction costs included in general and administrative expenses</td>
<td>₹ 19</td>
<td>₹ 99</td>
</tr>
</tbody>
</table>

The purchase price allocation for Rizing is provisional and will be finalized as soon as practicable within the measurement period.

The goodwill of ₹ 40,630 comprises value of acquired workforce and expected synergies arising from the business combination. Goodwill is allocated to IT Services segment and is not deductible for income tax purposes except for CAS group in the United States of America.

The total consideration of CAS Group includes a contingent consideration linked to achievement of revenues and earnings over a period of 3 years ending December 31, 2024, and range of contingent consideration payable is between ₹ Nil and ₹ 2,277. The fair value of the contingent consideration is estimated by applying the discounted cash-flow approach considering discount rate of 4.58% and probability adjusted revenue and earnings estimates. The undiscounted fair value of contingent consideration is ₹ 1,804 as at the date of acquisition. The discounted fair value of contingent consideration of ₹ 1,662 is recorded as part of purchase price allocation.

The pro-forma effects of acquisition during the three months and year ended March 31, 2023, on the Company’s results were not material.

### 17. Financial instruments:

#### Derivative assets and liabilities:

The Company is exposed to currency fluctuations on foreign currency assets / liabilities, forecasted cash flows denominated in foreign currency and net investment in foreign operations. The Company is also exposed to interest rate fluctuations on investments in floating rate financial assets. The Company follows established risk management policies, including the use of derivatives to hedge foreign currency assets / liabilities, interest rates, foreign currency forecasted cash flows and net investment in foreign operations. The counter parties in these derivative instruments are primarily banks and the Company considers the risks of non-performance by the counterparty as immaterial.

The following table presents the aggregate contracted principal amounts of the Company's derivative contracts outstanding:

Range forward option contracts
- USD: 30, ₹: 31

Interest Rate Swaps
- INR: 2,405, ₹: (1,131)
- USD: 82, ₹: 2,182

\^ Value is less than ₹ 1

* USD 1,452 and USD 1,550 includes USD/PHP sell forward of USD 86 and USD 77 as at March 31, 2022 and March 31, 2023, respectively.

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument, including whether the hedging instrument is expected to offset changes in cash flows of hedged items.

The following table summarizes activity in the cash flow hedging reserve within equity related to all derivative instruments classified as cash flow hedges:

<table>
<thead>
<tr>
<th>Year ended March 31, 2022</th>
<th>Year ended March 31, 2023</th>
</tr>
</thead>
<tbody>
<tr>
<td>Balance as at the beginning of the year</td>
<td>₹ 2,182</td>
</tr>
<tr>
<td>Changes in fair value of effective portion of derivatives</td>
<td>3,943</td>
</tr>
<tr>
<td>Net (gain)/loss reclassified to statement of income on occurrence of hedged transactions (^{(1)})</td>
<td>(4,182)</td>
</tr>
<tr>
<td>Gain/(loss) on cash flow hedging derivatives, net</td>
<td>₹ (239)</td>
</tr>
<tr>
<td>Balance as at the end of the year</td>
<td>₹ 1,943</td>
</tr>
<tr>
<td>Deferred tax thereon</td>
<td>(466)</td>
</tr>
<tr>
<td>Balance as at the end of the year, net of deferred tax</td>
<td>₹ 1,477</td>
</tr>
</tbody>
</table>

\(^{(1)}\) Includes net (gain)/loss reclassified to revenue of ₹ (4,979) and ₹ 2,471 for the year ended March 31, 2022, and 2023, respectively and net (gain)/loss reclassified to cost of revenues of ₹ 797 and ₹ (1,337) for the year ended March 31, 2022, and 2023, respectively.

As at March 31, 2022 and 2023, there were no significant gains or losses on derivative transactions or portions thereof that have become ineffective as hedges or associated with an underlying exposure that did not occur.

**Fair value:**

Financial assets and liabilities include cash and cash equivalents, trade receivables, unbilled receivables, finance lease receivables, employee and other advances, eligible current and non-current assets, loans, borrowings and bank overdrafts, trade payables and accrued expenses, and eligible current liabilities and non-current liabilities.

The fair value of cash and cash equivalents, trade receivables, unbilled receivables, short-term loans, borrowings and bank overdrafts, trade payables and accrued expenses, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. Further, finance lease receivables are periodically evaluated based on individual credit worthiness of customers. Based on this evaluation, the Company records allowance for estimated credit losses on these receivables. As at March 31, 2022 and 2023, the carrying value of such receivables, net of allowances approximates the fair value. The Company’s Unsecured Notes 2026 are contracted at fixed coupon rate of 1.50% and market yield on these loans as of 31st March 2023 is 4.915%.

Investments in short-term mutual funds and fixed maturity plan mutual funds, which are classified as FVTPL are measured using net asset values at the reporting date multiplied by the quantity held. Fair value of investments in non-convertible debentures, government securities, commercial papers, certificate of deposit and bonds classified as FVTOCI is determined based on the indicative quotes of price and yields prevailing in the market at the reporting date. Fair value of investments in equity instruments classified as FVTOCI or FVTPL is determined using market multiples method.

The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc.
**Fair value hierarchy**

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

**Level 1** – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2** – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3** – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

<table>
<thead>
<tr>

</table>

The following methods and assumptions were used to estimate the fair value of the level 2 financial instruments included in the above table:

**Derivative instruments (assets and liabilities):** The Company enters into derivative financial instruments with various counterparties, primarily banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are mainly interest rate swaps, foreign exchange forward contracts and foreign exchange option contracts. The most frequently applied valuation techniques include forward pricing, swap models and Black Scholes models (for option valuation), using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, interest rate curves and forward rate curves of the underlying. As at March 31, 2023, the changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationships and other financial instruments recognized at fair value.

**Investment in Non-convertible debentures, government securities, commercial papers, certificate of deposit and bonds:** Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market at reporting date.

**Investment in fixed maturity plan mutual funds:** Fair value of these instruments is derived based on the indicative quotes of price prevailing in the market as at reporting date.

The following methods and assumptions were used to estimate the fair value of the level 3 financial instruments included in the above table:

**Investment in equity instruments:** Fair value of these instruments is determined using market multiples method.
Details of assets and liabilities considered under Level 3 classification:

<td>219</td>
<td>(115)</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>₹ 5,827</td>
<td>₹ 9,758</td>
</tr>
</tbody>
</table>

Income tax expense consists of the following:
Three months ended March 31, 2022 | Three months ended March 31, 2023 | Year ended March 31, 2022 | Year ended March 31, 2023
---|---|---|---
Current taxes | ₹ 9,265 | ₹ 5,882 | ₹ 32,415 | ₹ 32,198
Deferred taxes | (2,866) | 3,367 | (3,469) | 1,794
| ₹ 6,399 | ₹ 9,249 | ₹ 28,946 | ₹ 33,992

Income tax expenses are net of (provision recorded)/reversal of taxes pertaining to earlier periods, amounting to ₹ 1,731 and ₹ (219) for the three months ended March 31, 2022 and 2023, and ₹ 5,499 and ₹ 536 for the year ended March 31, 2022 and 2023.

20. Revenues

The tables below present disaggregated revenue from contracts with customers by business segment, sector and nature of contract. The Company believes that the below disaggregation best depicts the nature, amount, timing and uncertainty of revenue and cash flows from economic factors.
Information on disaggregation of revenues for the three months ended March 31, 2022 is as follows:

24. Earnings per share:

A reconciliation of profit for the period and equity shares used in the computation of basic and diluted earnings per equity share is set out below:

**Basic:** Basic earnings per share is calculated by dividing the profit attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period, excluding equity shares purchased by the Company and held as treasury shares.

<table>
<thead>
<tr>
<th>Description</th>
<th>Three months ended March 31, 2022</th>

</tr>
<tr>
<td><strong>Basic earnings per share</strong></td>
<td>₹ 5.64</td>
<td>₹ 5.61</td>
<td>₹ 22.35</td>
<td>₹ 20.73</td>
</tr>
</tbody>
</table>
Diluted: Diluted earnings per share is calculated by adjusting the weighted average number of equity shares outstanding during the period for assumed conversion of all dilutive potential equity shares. Employee share options are dilutive potential equity shares for the Company.

The calculation is performed in respect of share options to determine the number of shares that could have been acquired at fair value (determined as the average market price of the Company’s shares during the period). The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options.

</tbody>
</table>

The Company has granted 249,960 and 2,756,820 options under RSU option plan during the three months and year ended March 31, 2023 (47,633 and 1,364,532 for the three months and year ended March 31, 2022); 563,890 and 8,440,980 options under ADS option plan during the three months and year ended March 31, 2023 (3,879,089 and 7,528,480 for the three months and year ended March 31, 2022).

The Company has also granted Nil Performance based stock options (RSU) during the three months and year ended March 31, 2023, respectively (1,776 and 1,135,949 for the three months and year ended March 31, 2022); Nil Performance based stock options (ADS) during the three and year ended March 31, 2023, respectively (820,217 and 2,941,546 for three months and year ended March 31, 2022).

The RSU grants were issued under Wipro Employee Restricted Stock Unit plan 2007 (WSRUP 2007 plan) and the ADS grants were issued under Wipro ADS Restricted Stock Unit Plan (WARSUP 2004 plan).

26. Other operating income

During the year ended March 31, 2022, as a result of acquisition by another investor, the Company sold its investment in Ensono Holdings, LLC for a consideration of ₹ 5,628 and recognized a cumulative gain of ₹ 1,252 (net of tax ₹ 430) in other comprehensive income being profit on sale of investment designated as FVTTOCI. The Company also recognized ₹ 1,233 for the year ended March 31, 2022 under other operating income, net towards change in fair value of callable units pertaining to achievement of cumulative business targets.

During the year ended March 31, 2022, as a result of acquisition of by another investor, the Company sold its investment in Denim Group, Ltd. and Denim Group Management, LLC (“Denim Group”), accounted for using the equity method, for a consideration of ₹ 1,652 and recognized a cumulative gain of ₹ 953 in other operating income, net including reclassification of exchange differences on foreign currency translation.

27. Commitments and contingencies

Capital commitments: As at March 31, 2022 and 2023 the Company had committed to spend ₹ 11,376 and ₹ 7,675 respectively, under agreements to purchase/ construct property and equipment. These amounts are net of capital advances paid in respect of these purchases.

Guarantees: As at March 31, 2022 and 2023, guarantees provided by banks on behalf of the Company to the Indian Government, customers and certain other agencies aggregate to ₹ 17,094 and ₹ 16,076 respectively, as part of the bank line of credit.
Contingencies and lawsuits: The Company is subject to legal proceedings and claims resulting from tax assessment orders/ penalty notices issued under the Income Tax Act, 1961, which have arisen in the ordinary course of its business. Some of the claims involve complex issues and it is not possible to make a reasonable estimate of the expected financial effect, if any, that will result from ultimate resolution of such proceedings. However, the resolution of these legal proceedings is not likely to have a material and adverse effect on the results of operations or the financial position of the Company.

The Company’s assessments are completed for the years up to March 31, 2019. The Company has received demands on multiple tax issues. These claims are primarily arising out of denial of deduction under section 10A of the Income Tax Act, 1961 in respect of profit earned by the Company’s undertaking in Software Technology Park at Bengaluru, the appeals filed against the said demand before the Appellate authorities have been allowed in favor of the Company by the second appellate authority for the years up to March 31, 2008 which either has been or may be contested by the Income tax authorities before the Hon’ble Supreme Court of India. Other claims relate to disallowance of tax benefits on profits earned from Software Technology Park and Special Economic Zone units, capitalization of research and development expenses, transfer pricing adjustments on intercompany / inter unit transactions and other issues.

Income tax claims against the Company amounting to ₹ 92,476 and ₹ 91,465 are not acknowledged as debt as at March 31, 2022 and 2023, respectively. These matters are pending before various Appellate Authorities and the management expects its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Company’s financial position and results of operations.

The contingent liability in respect of disputed demands for excise duty, custom duty, sales tax and other matters amounting to ₹ 12,092 and ₹ 15,240 as of March 31, 2022, and 2023, respectively. However, the resolution of these disputed demands is not likely to have a material and adverse effect on the results of operations or the financial position of the Company.

The Hon’ble Supreme Court of India, through a ruling in February 2019, provided interpretation on the components of Salary on which the Company and its employees are to contribute towards Provident Fund under the Employee’s Provident Fund Act. Based on the current evaluation, the Company believes it is not probable that certain components of Salary paid by the Company will be subject to contribution towards Provident Fund due to the Hon’ble Supreme Court order. The Company will continue to monitor and evaluate its position based on future events and developments.

28. Segment information

The Company is organized into the following operating segments: IT Services, IT Products and India State Run Enterprise segment (“ISRE”).

IT Services: The IT Services segment primarily consists of IT services offerings to customers organized by four Strategic Market Units (“SMUs”) - Americas 1, Americas 2, Europe and Asia Pacific Middle East Africa (“APMEA”). Americas 1 and Americas 2 are primarily organized by industry sector, while Europe and APMEA are primarily organized by geographic region.

Americas 1 includes the entire business of Latin America (“LATAM”) and the following industry sectors in the United States of America: healthcare and medical devices, consumer goods and life sciences, retail, transportation and services, communications, media and information services, technology products and platforms. Americas 2 includes the entire business in Canada and the following industry sectors in the United States of America: banking, financial services and insurance, manufacturing, hi-tech, energy and utilities. Europe consists of the United Kingdom and Ireland, Switzerland, Germany, Benelux, the Nordics and Southern Europe. APMEA consists of Australia and New Zealand, India, Middle East, South East Asia, Japan and Africa.

Revenue from each customer is attributed to the respective SMUs based on the location of the customer’s primary buying center of such services. With respect to certain strategic global customers, revenue may be generated from multiple countries based on such customer’s buying centers, but the total revenue related to these strategic global customers is attributed to a single SMU based on the geographical location of key decision makers.

Our IT Services segment provides a range of IT and IT enabled services which include digital strategy advisory, customer centric design, technology consulting, IT consulting, custom application design, development, re-engineering and maintenance, systems integration, package implementation, cloud and infrastructure services, business process services, cloud, mobility and analytics services, research and development and hardware and software design.

IT Products: The Company is a value-added reseller of security, packaged and SaaS software for leading international brands. In certain total outsourcing contracts of the IT Services segment, the Company delivers hardware, software products and other related deliverables. Revenue relating to these items is reported as revenue from the sale of IT Products.

ISRE: This segment consists of IT Services offerings to entities and/or departments owned or controlled by Government of India and/or any State Governments.

The Chairman of the Company has been identified as the Chief Operating Decision Maker (“CODM”) as defined by IFRS 8, “Operating Segments”. The Chairman of the Company evaluates the segments based on their revenue growth and operating income.

Assets and liabilities used in the Company’s business are not identified to any of the operating segments, as these are used interchangeably between segments. Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

</tbody>
</table>

No customer individually accounted for more than 10% of the revenues during the three months and year ended March 31, 2022, and 2023.

Management believes that it is currently not practicable to provide disclosure of geographical location wise assets, since the meaningful segregation of the available information is onerous.

Notes:

a) “Reconciling items” includes elimination of inter-segment transactions and other corporate activities.

b) Revenue from sale of Company owned intellectual properties is reported as part of IT Services revenues.

c) For the purpose of segment reporting, the Company has included the impact of foreign exchange gains/(losses), net in revenues (which is reported as a part of operating profit in the interim condensed consolidated statement of income).

d) Other operating income of ₹ 7 and ₹ Nil is included as part of IT Services segment results for three months ended March 31, 2022 and 2023 respectively and ₹ 2,186 and ₹ Nil is included as part of IT Services segment results for the year ended March 31, 2022 and 2023 respectively. (Refer to Note 26)

e) Restructuring cost of ₹ Nil and (₹ 34) is included under Reconciling items for the three months ended March 31, 2022 and 2023 respectively and ₹ Nil and ₹ 1,355 for the year ended March 31, 2022 and 2023 respectively.

f) Segment results of IT Services segment are after recognition of share-based compensation expense ₹ 1,730 and ₹ 297 for the three months ended March 31, 2022 and 2023, respectively and ₹ 4,164 and ₹ 3,958 for the year ended March 31, 2022 and 2023 respectively.

30. The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. Based on an initial assessment by the Company and its Indian subsidiaries, the additional impact on Provident Fund contributions by the Company and its Indian subsidiaries is not expected to be material, whereas, the likely additional impact on Gratuity liability / contributions by the Company and its Indian subsidiaries could be material. The Company and its Indian subsidiaries will complete their evaluation once the subject rules are notified and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

31. On December 21, 2022, the Company sold 100% membership interests in Wipro Opus Risk Solutions LLC for a cash consideration of ₹ 52 and recognized a loss of ₹ 6 on disposal.
32. **Events after the reporting period**

On April 27, 2023, the Board of Directors approved buyback of equity shares, subject to the approval of shareholders, for purchase by the Company of up to 269,662,921 equity shares of ₹ 2 each (being 4.91% of total number of equity shares) from the shareholders of the Company on a proportionate basis by way of a tender offer at a price of ₹ 445 per equity share for an aggregate amount not exceeding ₹ 120,000, in accordance with the provisions contained in the Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018 and the Companies Act, 2013 and rules made thereunder.
