WIPRO LIMITED AND SUBSIDIARIES

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (₹ in millions, except share and per share data, unless otherwise stated)

1. The Company overview

Wipro Limited ("Wipro" or the "Parent Company"), together with its subsidiaries and controlled trusts (collectively, "we", "us", "our", "the Company" or the "Group") is a leading information technology services and consulting company, focused on building innovative solutions that address clients' most complex digital transformation needs. From GenAI and cloud computing to data, from silicon chip design to blockchain, our consultants, analysts, designers, and engineers work on solutions that unlock our clients' boldest ambitions.

Wipro is a public limited company incorporated and domiciled in India. The address of its registered office is Wipro Limited, Doddakannelli, Sarjapur Road, Bengaluru – 560 035, Karnataka, India. The Company has its primary listing with BSE Ltd. and National Stock Exchange of India Limited. The Company's American Depository Shares ("ADS") representing equity shares are also listed on the New York Stock Exchange.

The Company's Board of Directors authorized these interim condensed consolidated financial statements for issue on July 17, 2025.

2. Basis of preparation of interim condensed consolidated financial statements

(i) Statement of compliance and basis of preparation

The interim condensed consolidated financial statements have been prepared in compliance with IAS 34, "Interim Financial Reporting", as issued by the International Accounting Standards Board ("IASB"). Selected explanatory notes are included to explain events and transactions that are significant to understand the changes in financial position and performance of the Company since the last annual consolidated financial statements as at and for the year ended March 31, 2025. These interim condensed consolidated financial statements do not include all the information required for full annual financial statements prepared in accordance with International Financial Reporting Standards and its interpretations ("IFRS").

The interim condensed consolidated financial statements correspond to the classification provisions contained in IAS 1 (revised), "Presentation of Financial Statements". For clarity, various items are aggregated in the interim condensed consolidated statements of income, interim condensed consolidated statements of comprehensive income and interim condensed consolidated statements of financial position. These items are disaggregated separately in the notes to the interim condensed consolidated financial statements, where applicable. The accounting policies have been consistently applied to all periods presented in these interim condensed consolidated financial statements except for new accounting standards, amendments and interpretations adopted by the Company effective from April 1, 2025.

The assets which are expected to be realized within a period of twelve months from the end of reporting period are classified as current assets. Similarly, the liabilities which are expected to be settled within a period of twelve months from the end of reporting period are classified as current liabilities. All other assets and liabilities are classified as non-current.

All amounts included in the interim condensed consolidated financial statements are reported in millions of Indian Rupees (₹ in millions) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures. Previous period figures have been regrouped/rearranged, wherever necessary.

(ii) Basis of measurement

The interim condensed consolidated financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items which have been measured at fair value as required by relevant IFRS:

- a. Derivative financial instruments;
- b. Financial instruments classified as fair value through other comprehensive income or fair value through profit or loss;
- c. The defined benefit liability/(asset) is recognized as the present value of defined benefit obligation less fair value of plan assets; and
- d. Contingent consideration and liability on written put options.

(iii) Convenience translation (unaudited)

The accompanying interim condensed consolidated financial statements have been prepared and reported in Indian Rupees, the functional currency of the Parent Company. Solely for the convenience of the readers, the interim condensed consolidated financial statements as at and for the three months ended June 30, 2025, have been translated into United States Dollars at the certified foreign exchange rate of U.S.\$1 = ₹85.74 as published by Federal Reserve Board of Governors on June 30, 2025. No representation is made that the Indian Rupee amounts have been, could have been or could be converted into United States Dollars at such a rate or any other rate. Due to rounding off, the translated numbers presented throughout the document may not add up precisely to the totals.

(iv) Use of estimates and judgment

The preparation of the interim condensed consolidated financial statements in conformity with IFRS requires the management to make judgments, accounting estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Accounting estimates are monetary amounts in the interim condensed consolidated financial statements that are subject to measurement uncertainty. An accounting policy may require items in the interim condensed consolidated financial statements to be measured at monetary amounts that cannot be observed directly and must instead be estimated. In such a case, management develops an accounting estimate to achieve

the objective set out by the accounting policy. Developing accounting estimates involves the use of judgements or assumptions based on the latest available and reliable information. Actual results may differ from those accounting estimates.

Accounting estimates and underlying assumptions are reviewed on an ongoing basis. Changes to accounting estimates are recognized in the period in which the estimates are changed and in any future periods affected. In particular, information about material areas of estimation, uncertainty and critical judgments in applying accounting policies that have material effect on the amounts recognized in the interim condensed consolidated financial statements are included in the following notes:

- Revenue recognition: The Company applies judgement to determine whether each product or service promised to a customer is capable of being distinct, and is distinct in the context of the contract, if not, the promised product or service is combined and accounted as a single performance obligation. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive (the "Transaction Price"). The Company allocates the Transaction Price to separately identifiable performance obligation deliverables based on their relative stand-alone selling price. In cases where the Company is unable to determine the stand-alone selling price the Company uses expected cost-plus margin approach in estimating the stand-alone selling price. The Company uses the percentage of completion method using the input (cost expended) method to measure progress towards completion in respect of fixed-price contracts. Percentage of completion method accounting relies on estimates of total expected contract revenue and costs. This method is followed when reasonably dependable estimates of the revenues and costs applicable to various elements of the contract can be made. Key factors that are reviewed in estimating the future costs to complete include estimates of future labor costs and productivity efficiencies. Because the financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, revenue recognized, profit and timing of revenue for remaining performance obligations are subject to revisions as the contract progresses to completion. When estimates indicate that a loss will be incurred, the loss is provided for in the period in which the loss becomes probable. Volume discounts are recorded as a reduction of revenue. When the amount of discount varies with the levels of revenue, volume discount is recorded based on estimate of future revenue from the customer.
- b) Impairment testing: Goodwill recognized on business combination is tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of goodwill or a cash generating unit to which goodwill pertains, is less than the carrying value. The Company assesses acquired intangible assets with finite useful life for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The recoverable amount of an asset or a cash generating unit is higher of value-in-use and fair value less cost of disposal. The calculation of value in use of an asset or a cash generating unit involves use of significant estimates and assumptions which include turnover, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.
- c) Income taxes: The major tax jurisdictions for the Company are India and the United States of America.

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Company considers expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realizable, however, could reduce in the near term if estimates of future taxable income during the carry-forward period are reduced.

- d) Business combinations: In accounting for business combinations, judgment is required to assess whether an identifiable intangible asset is to be recorded separately from goodwill. Additionally, estimating the acquisition date fair value of the identifiable assets acquired (including useful life estimates), liabilities assumed, and contingent consideration assumed involves management judgment. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by management. Changes in these judgments, estimates, and assumptions can materially affect the results of operations.
- e) **Defined benefit plans and compensated absences**: The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- f) **Expected credit losses on financial assets:** The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the expected credit loss calculation based on the Company's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.
- g) **Useful lives of property, plant and equipment**: The Company depreciates property, plant and equipment on a straight-line basis over estimated useful lives of the assets. The charge in respect of periodic depreciation is derived based on an estimate of an asset's expected useful life and the expected residual value at the end of its life. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The estimated useful life is reviewed at least annually.

h) **Provisions and contingent liabilities**: The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting date and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognized nor disclosed in the financial statements.

3. Material accounting policy information

Please refer to the Company's Annual report for the year ended March 31, 2025, for a discussion of the Company's other material accounting policy information except for new accounting standards, amendments and interpretations adopted by the Company effective on or after April 1, 2025.

i. New amendment adopted by the Company effective from April 1, 2025:

Amendments to IAS 21 – The Effects of Changes in Foreign Exchange Rates

On August 15, 2023, IASB issued 'Lack of Exchangeability (Amendments to IAS 21)' that clarifies how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking, as well as require the disclosure of information that enables users of financial statements to understand the impact of a currency not being exchangeable. These amendments are effective for annual reporting periods beginning on or after January 1, 2025, with earlier application permitted. The adoption of amendments to IAS 21 did not have any material impact on the interim condensed consolidated financial statements.

ii. New amendments not yet adopted:

Certain new standards, amendments to standards and interpretations are not yet effective for annual periods beginning after April 1, 2025 and have not been applied in preparing these interim condensed consolidated financial statements. New standards, amendments to standards and interpretations that could have potential impact on the interim condensed consolidated financial statements of the Company are:

IFRS 18 - Presentation and Disclosure in Financial Statements

On April 9, 2024, IASB issued IFRS 18 'Presentation and Disclosure in Financial Statements' which supersedes IAS 1 'Presentation of Financial Statements', aimed at improving comparability and transparency of communication in financial statements. IFRS 18 requires an entity to classify all income and expenses within its statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations. These categories are complemented by the requirement to present specified totals and subtotals for 'operating profit or loss', 'profit or loss before financing and income taxes' and 'profit or loss'. It also requires disclosure of management-defined performance measures and includes new requirements for aggregation and disaggregation of financials information based on the identified 'roles' of the primary financial statements and the notes.

Consequent to above, a narrow-scope amendments have been made to IAS 7 'Statement of Cash Flows', which include changing the starting point for determining cash flows from operations under the indirect method from 'profit or loss' to 'operating profit or loss'. Further, some requirements previously included within IAS 1 have been moved to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' which has also been renamed IAS 8 'Basis of Preparation of Financial Statements'. IAS 34 'Interim Financial Reporting' was amended to require disclosure of management defined performance measures. Minor consequential amendments to other standards were also made.

An entity that prepares condensed interim financial statements in accordance with IAS 34 in the first year of adoption of IFRS 18, must present the heading and mandatory subtotals it expects to use in its annual financial statement. Comparative period in both the interim and annual financial statements will need to be restated and a reconciliation of the statement of profit or loss previously published will be required for the immediately preceding comparative period. IFRS 18 and the amendments to the other standards, is effective for reporting period beginning on or after January 1, 2027 and are to be applied retrospectively, with earlier application permitted.

The Company is currently assessing the impact of adopting IFRS 18 and the amendments to other standards, on the interim condensed consolidated financial statements.

Amendments to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments

On May 30, 2024, IASB issued 'Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7)' to address matters identified during the post-implementation review of IFRS 9. The amendments clarify that a financial liability is derecognized on the 'settlement date' and introduce an accounting policy choice to derecognize financial liabilities settled using an electronic payment system before settlement date. The classification of financial asset with ESG linked features has been clarified through additional guidance on the assessment of contingent features. Additional disclosures are introduced for financial instruments with contingent features and equity instruments classified as fair value

through OCI. These amendments are effective for annual reporting periods beginning on or after January 1, 2026, with earlier application permitted. The Company is currently assessing the impact of adopting these amendments on the interim condensed consolidated financial statements.

Amendments to IFRS 9 and IFRS 7 - Contracts referencing Nature-dependent electricity

The International Accounting Standards Board (IASB) has published amendments to IFRS 9 and IFRS 7 titled Contracts Referencing Nature-dependent Electricity. The IASB has added application guidance to IFRS 9 to address specifically whether a contract to buy electricity generated from a source dependent on natural conditions is held for the entity's own-use expectations. The amendments also address specifically how an entity applies the hedge accounting requirements in IFRS 9 when a contract referencing nature-dependent electricity with a variable nominal amount is designated as the hedging instrument. The IASB decided to add complementary disclosure requirements to IFRS 7. The amendments are effective for annual periods beginning on or after 1 January 2026, with earlier application permitted. The Company is currently assessing the impact of adopting these amendments on the interim condensed consolidated financial statements.

⁽¹⁾ During the year ended March 31, 2025, decline in the revenue and earnings estimates led to revision of recoverable value of customer-relationship intangible assets and marketing related intangible assets recognized on business combinations. Consequently, the Company has recognized impairment charge of ₹ 1,155 for the year ended March 31, 2025, as part of amortization and impairment.

Amortization expense on intangible assets is included in selling and marketing expenses in the interim condensed consolidated statement of income.

Fair value

Financial assets and liabilities include cash and cash equivalents, trade receivables, unbilled receivables, finance lease receivables, employee and other advances, eligible current and non-current assets, loans, borrowings and bank overdrafts, lease liabilities, trade payables and accrued expenses, and eligible current and non-current liabilities.

The fair value of cash and cash equivalents, trade receivables, unbilled receivables, short-term loans, borrowings and bank overdrafts, lease liabilities, trade payables and accrued expenses, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. Finance lease receivables are periodically evaluated based on individual credit worthiness of customers. Based on this evaluation, the Company records allowance for estimated credit losses on these receivables. As at March 31, 2025 and June 30, 2025, the carrying value of such financial assets, net of allowances, and liabilities, approximates the fair value.

The Company's Unsecured Notes 2026 are contracted at fixed coupon rate of 1.50% and market yield on these loans as of June 30, 2025 was 4.60%.

Investments in short-term mutual funds and fixed maturity plan mutual funds, which are classified as FVTPL are measured using net asset values at the reporting date multiplied by the quantity held. Fair value of investments in non-convertible debentures, government securities, commercial papers and bonds classified as FVTOCI is determined based on the indicative quotes of price and yields prevailing in the market at the reporting date. Fair value of investments in equity instruments classified as FVTOCI or FVTPL is determined using market approach primarily based on market multiples method.

The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves and currency volatility.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There were no transfers between Level 1, 2 and 3 during the year ended March 31, 2025 and three months ended June 30, 2025.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

| | | | | | | | | As a | at | | | | | | | |
|---|---|-----------|------|--------|--------|----------|--------|-------|-----|----------|------|--------|--------|----------|--------|-------|

| Contingent consideration | | (1,864) | | - | | - | (1 | ,864) | (| (1,652) | | - | | - | (1 | ,652) |

The following methods and assumptions were used to estimate the fair value of the level 2 financial instruments included in the above table.

| Financial instrument | Method and assumptions |
|--|---|
| Derivative instruments (assets and liabilities) | The Company enters into derivative financial instruments with various counterparties, primarily banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are mainly interest rate swaps, foreign exchange forward contracts and foreign exchange option contracts. The most frequently applied valuation techniques include forward pricing, swap models and Black Scholes models (for option valuation), using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, interest rate curves and forward rate curves of the underlying. As at June 30, 2025, the changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationships and other financial instruments recognized at fair value. |
| Investment in non-convertible debentures, government securities, commercial papers and bonds | Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at reporting date. |
| Investment in fixed maturity plan mutual funds | Fair value of these instruments is derived based on the indicative quotes of price prevailing in the market as at reporting date. |

The following methods and assumptions were used to estimate the fair value of the level 3 financial instruments included in the above table.

| Financial instrument | Method and assumptions |
|--|---|
| Investment in equity instruments | Fair value of these instruments is determined using market approach primarily based on market multiples method. |
| Contingent consideration and liability on written put options to non-controlling interests | Fair value of these instruments is determined using valuation techniques which includes inputs relating to risk-adjusted revenue and operating profit forecast. |

The following table presents changes in Level 3 assets and liabilities for the year ended March 31, 2025 and three months ended June 30, 2025:

| | As at | |
|--|----------------|---------------|

| Balance at the end of the period | ₹ (4,945) | ₹ (5,099) |

Derivative assets and liabilities

The Company is exposed to currency fluctuations on foreign currency assets / liabilities, forecasted cash flows denominated in foreign currency and net investment in foreign operations. The Company is also exposed to interest rate fluctuations on investments in floating rate financial assets and floating rate borrowings. The Company follows established risk management policies, including the use of derivatives to hedge foreign currency assets / liabilities, interest rates, foreign currency forecasted cash flows and net investment in foreign operations. The counter parties in these derivative instruments are primarily banks and the Company considers the risks of non-performance by the counterparty as immaterial.

The Company determines the existence of an economic relationship between the hedging instrument and the hedged item based on the currency, amount and timing of its forecasted cash flows. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument, including whether the hedging instrument is expected to offset changes in cash flows of hedged items.

If the hedge ratio for risk management purposes is no longer optimal but the risk management objective remains unchanged and the hedge continues to qualify for hedge accounting, the hedge relationship will be rebalanced by adjusting either the volume of the hedging instrument or the volume of the hedged item so that the hedge ratio aligns with the ratio used for risk management purposes. Any hedge ineffectiveness is calculated and accounted for in consolidated statement of income at the time of the hedge relationship rebalancing.

The following table summarizes activity in the cash flow hedging reserve within equity related to all derivative instruments classified as cash flow hedges:

| | Three months ende | d June 30, |
|---|-------------------|------------|
| | 2024 | 2025 |
| Balance as at the beginning of the period | ₹ 773 | ₹ (275) |
| Changes in fair value of effective portion of derivatives | 628 | (660) |
| Deferred cancellation gain/(loss), net | - | 5 |
| Net (gain)/loss reclassified to consolidated statement of income on occurrence of | | |
| hedged transactions (1) | (243) | 515 |
| Net (gain)/loss on ineffective portion of derivative instruments classified to | | |
| consolidated statement of income | 44 | - |
| Translation gain | - | 6 |
| Gain/(loss) on cash flow hedging derivatives, net | ₹ 429 | ₹ (134) |
| Balance as at the end of the period | ₹ 1,202 | ₹ (409) |
| Deferred tax asset/(liability) thereon | (317) | 99 |
| Balance as at the end of the period, net of deferred taxes | ₹ 885 | ₹ (310) |

⁽¹⁾ Includes net (gain)/loss reclassified to revenue of \mathbb{Z} (256) and \mathbb{Z} 640 for the three months ended June 30, 2024, and 2025, respectively; net (gain)/loss reclassified to cost of revenues of \mathbb{Z} 24 and \mathbb{Z} (74) for the three months ended June 30, 2024, and 2025, respectively; net (gain)/loss reclassified to finance expenses of \mathbb{Z} (47) and \mathbb{Z} (51) for the three months ended June 30, 2024, and 2025, respectively and net (gain)/loss reclassified to finance and other income of \mathbb{Z} 36 and \mathbb{Z} Nil for the three months ended June 30, 2024, and 2025, respectively.

The related hedge transactions for balance in cash flow hedging reserves as at June 30, 2025 are expected to occur and be reclassified to the statement of income over a period of 14 months.

As at June 30, 2024 and 2025, there were no material gains or losses on derivative transactions or portions thereof that have become ineffective as hedges or associated with an underlying exposure that did not occur.

18. Foreign currency translation reserve and Other reserves

The movement in foreign currency translation reserve attributable to equity holders of the Company is summarized below:

| | Three months ended June 30, | | | |
|--|-----------------------------|---------|----|--------|
| | 20 |)24 | 20 | 025 |
| Balance at the beginning of the period | ₹ | 47,261 | ₹ | 54,500 |
| Translation difference related to foreign operations, net | | (1,398) | | 6,575 |
| Reclassification of foreign currency translation differences on liquidation of | | ^ | | - |

| Income tax expense consists of the following: | | | | |
| • | T | hree months e | nded June | 30, |
| | 2 | 024 | 2 | 025 |
| Current tax expense | ₹ | 10,368 | ₹ | 10,051 |
| Deferred tax expense/(reversal) | | (518) | | (833) |
| | ₹ | 9,850 | ₹ | 9,218 |

Income tax expenses are net of provision recorded/(reversal) of taxes pertaining to earlier periods, amounting to ₹ (194) and ₹ (2,711) for the three months ended June 30, 2024 and 2025, respectively.

The Pillar Two legislations are neither enacted nor substantively enacted by Government of India, where the Parent company is incorporated. Pillar Two legislation has been enacted, or substantively enacted, in certain other jurisdictions where the Company operates. However, the Company does not expect any material financial impact for the three months ended June 30, 2025. The Company is continuing to assess the impact, if any, of Pillar Two income taxes legislation on future financial performance.

20. Revenues

The tables below present disaggregated revenue from contracts with customers by business segment (Refer to Note 27 "Segment Information"), sector and nature of contract. The Company believes that the below disaggregation best depicts the nature, amount, timing and uncertainty of revenue and cash flows from economic factors.

Information on disaggregation of revenues for the three months ended June 30, 2024 is as follows:

| | | | | IT Products | Total | | | |
|---|------------|------------|----------|-------------|-----------|-------------|-----------|--|
| | Americas 1 | Americas 2 | Europe | APMEA | Total | 11 Products | Total | |
| A. Revenue | | | | | | | | |

| | 20 | 24 | 20 |)25 |
| Interest income | ₹ | 5,627 | ₹ | 7,327 |
| Net gain from investments classified as FVTPL | | 1,853 | | 2,831 |
| Net gain from investments classified as FVTOCI | | | | 259 |
| Finance and other income | ₹ | 7,480 | ₹ | 10,417 |
| Foreign exchange gains/(losses), net, on financial instruments measured at FVTPL | ₹ | (185) | ₹ | 111 |
| Other foreign exchange gains/(losses), net | | (21) | | 71 |
| Foreign exchange gains/(losses), net | ₹ | (206) | ₹ | 182 |

24. Earnings per equity share

A reconciliation of profit for the period and equity shares used in the computation of basic and diluted earnings per equity share is set out below:

Basic: Basic earnings per equity share is calculated by dividing the profit attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period, excluding equity shares purchased by the Company and held as treasury shares.

| | TI | ıne 30, | | | | |
|--|------|-------------|----------------|--------|--|--|
| | 2024 | | | 2025 | | |
| Profit attributable to equity holders of the Company | ₹ | 30,032 | ₹ | 33,304 | | |
| Weighted average number of equity shares outstanding | 10, | 451,552,512 | 10,472,085,808 | | | |
| Basic earnings per equity share | ₹ | 2.87 | ₹ | 3.18 | | |

Diluted: Diluted earnings per equity share is calculated by adjusting the weighted average number of equity shares outstanding during the period for assumed conversion of all dilutive potential equity shares. Employee share options are dilutive potential equity shares for the Company.

The calculation is performed in respect of share options to determine the number of equity shares that could have been acquired at fair value (determined as the average market price of the Company's equity shares during the period). The number of equity shares calculated as above is compared with the number of equity shares that would have been issued assuming the exercise of the share options.

| Profit attributable to equity holders of the Company |
|--|
| Weighted average number of equity shares outstanding |
| Effect of dilutive equivalent share options |
| Weighted average number of equity shares for diluted earnings per equity share |
| Diluted earnings per equity share |

| | Three months ended June 30, | | | | | | | |
|---|-----------------------------|---|----------------|--|--|--|--|--|
| | 2024 | | 2025 | | | | | |
| ₹ | 30,032 | ₹ | 33,304 | | | | | |
| | 10,451,552,512 | | 10,472,085,808 | | | | | |
| | 21,983,714 | | 20,016,207 | | | | | |
| | 10,473,536,226 | | 10,492,102,015 | | | | | |
| ₹ | 2.87 | ₹ | 3.17 | | | | | |

Earnings per share and number of shares outstanding for the three months ended June 30, 2024, have been proportionately adjusted for the bonus shares issued during the year ended March 31, 2025, in the ratio of 1:1 i.e. 1 (one) bonus equity share of ₹ 2 each for every 1 (one) fully paid-up equity shares held (including ADS holders).

25. Employee compensation

| | I nree months ended June 30, | | | | |
|------------------------------|------------------------------|---------|------|---------|--|
| | 2024 | | 2025 | | |
| Salaries and bonus | ₹ | 126,128 | ₹ | 128,481 | |
| Employee benefits plans | | 4,836 | | 5,358 | |
| Share-based compensation (1) | | 1,329 | | 436 | |
| | ₹ | 132,293 | ₹ | 134,275 | |

⁽¹⁾ Includes ₹ (6) and ₹ Nil for the three months ended June 30, 2024 and 2025, respectively, towards cash settled ADS RSUs.

The employee benefit cost is recognized in the following line items in the interim condensed consolidated statement of income:

| | | i nree months ended June 50, | | | | | |
|-------------------------------------|------|------------------------------|---|---------|--|--|--|
| | 2024 | | | 025 | | | |
| Cost of revenues | ₹ | 112,171 | ₹ | 115,633 | | | |
| Selling and marketing expenses | | 11,964 | | 11,640 | | | |
| General and administrative expenses | | 8,158 | | 7,002 | | | |
| | ₹ | 132,293 | ₹ | 134,275 | | | |

The Company has granted below options under RSU and ADS option plan:

| | Three months ende | d June 30, |
|--|-------------------|------------|
| | 2024 | 2025 |
| Restricted Stock Units (RSU) | 3,341,675 | 6,598,279 |
| ADS RSU | 8,167,087 | 12,077,322 |
| Performance based stock options (RSUs) | 2,014,993 | 3,874,099 |
| Performance based stock options (ADS) | 5,297,557 | 8,424,826 |

Numbers in above table for three months ended June 30, 2024 are not given effect of bonus shares issued during the year ended March 31, 2025.

During the three months ended June 30, 2025, RSU and ADS grants were issued under the Wipro Limited Employee Stock Options, Performance Stock Unit and/or Restricted Stock Unit Scheme 2024. Performance based stock options will vest based on the performance parameters of the Company.

26. Commitments and contingencies

Capital commitments: As at March 31, 2025 and June 30, 2025 the Company had committed to spend approximately ₹ 8,719 and ₹ 6,959 respectively, under agreements to purchase/ construct property and equipment. These amounts are net of capital advances paid in respect of these purchases. Refer to Note 7 for uncalled capital commitments on investment in equity instruments.

Guarantees: As at March 31, 2025 and June 30, 2025, guarantees provided by banks on behalf of the Company to the Indian Government, customers and certain other agencies aggregate to ₹ 13,110 and ₹ 13,833 respectively, as part of the bank line of credit.

Contingencies and lawsuits: The Company is subject to legal proceedings and claims resulting from tax assessment orders/ penalty notices issued under the Income Tax Act, 1961, which have arisen in the ordinary course of its business. Some of the claims involve complex issues and it is not possible to make a reasonable estimate of the expected financial effect, if any, that will result from ultimate resolution of such proceedings. However, the resolution of these legal proceedings is not likely to have a material and adverse effect on the results of operations or the financial position of the Company.

The Company's assessments in India are completed for the years up to March 31, 2019 and for the year ended March 31, 2021. The Company has received demands on multiple tax issues. These claims are primarily arising out of denial of deduction under section 10A of the Income Tax Act, 1961 in respect of profit earned by the Company's undertaking in Software Technology Park at Bengaluru, the appeals filed against the said demand before the Appellate authorities have been allowed in favor of the Company by the second appellate authority for the years up to March 31, 2008 which either has been or may be contested by the Income tax authorities before the Hon'ble Supreme Court of India. Other claims relate

to disallowance of tax benefits on profits earned from Software Technology Park and Special Economic Zone units, capitalization of research and development expenses, transfer pricing adjustments on intercompany / inter unit transactions and other issues.

Income tax claims against the Company amounting to ₹ 99,431 and ₹ 99,851 are not acknowledged as debt as at March 31, 2025 and June 30, 2025, respectively. These matters are pending before various Appellate Authorities and the management expects its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Company's financial position and results of operations.

The contingent liability in respect of disputed demands for excise duty, custom duty, sales tax and other matters amounting to ₹ 19,292 and ₹ 19,598 as of March 31, 2025, and June 30, 2025, respectively. However, the resolution of these disputed demands is not likely to have a material and adverse effect on the results of operations or the financial position of the Company.

27. Segment information

The Company is organized into the following operating segments: IT Services and IT Products.

IT Services: The IT Services segment primarily consists of IT services offerings to customers organized by four Strategic Market Units ("SMUs") - Americas 1, Americas 2, Europe and Asia Pacific Middle East and Africa ("APMEA").

Americas 1 and Americas 2 are primarily organized by industry sector, while Europe and APMEA are organized by countries.

Americas 1 includes the entire business of Latin America ("LATAM") and the following industry sectors in the United States of America: Communication, Media and Networks, Technology Software and Gaming, Technology New Age, Health, and Consumer. Americas 2 includes the entire business in Canada and the following industry sectors in the United States of America: Banking and Financial services, Energy, Manufacturing and Resources, Capital markets and Insurance, and Hi-tech. Europe consists of the United Kingdom and Ireland, Switzerland, Germany and Western Europe. APMEA consists of Australia and New Zealand, Southeast Asia, Japan, India, the Middle East, and Africa.

Revenue from each customer is attributed to the respective SMUs based on the location of the customer's primary buying center of such services. With respect to certain strategic global customers, revenue may be generated from multiple countries based on such customer's buying centers, but the total revenue related to these strategic global customers are attributed to a single SMU based on the geographical location of key decision makers.

Our IT Services segment provides a range of IT and IT enabled services which include digital strategy advisory, customer centric design, technology consulting, IT consulting, custom application design, development, re-engineering and maintenance, systems integration, package implementation, cloud and infrastructure services, business process services, cloud, mobility and analytics services, research and development and hardware and software design.

IT Products: The Company is a value-added reseller of security, packaged and SaaS software for leading international brands. In certain total outsourcing contracts of the IT Services segment, the Company delivers hardware, software products and other related deliverables. Revenue relating to these items is reported as revenue from the sale of IT Products.

The Chief Executive Officer ("CEO") and Managing Director of the Company has been identified as the Chief Operating Decision Maker as defined by IFRS 8, "Operating Segments". The CEO of the Company evaluates the segments based on their revenue growth and operating income.

Assets and liabilities used in the Company's business are not identified to any of the operating segments, as these are used interchangeably between segments. Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

Information on reportable segments for the three months ended June 30, 2024, is as follows:

| | | IT Services | | | | IT Due | | Reconcil | ing | Total | | | | |

| Income tax expense | | | | | | | | | | | (9,218) | | | | |
| Profit for the period | | | | | | | | | | ₹ | 33,365 | | | | |
| Depreciation, amortization and impairment | | | | | | | | | | ₹ | 6,855 | | | | |

Revenues from India, being Company's country of domicile, is ₹ 4,923 and ₹ 4,926 for the three months ended June 30, 2024, and 2025, respectively.

Revenues from United States of America and United Kingdom contributed more than 10% of Company's total revenues as per table below:

| | Three months ended June 30, | | | |
|--------------------------|-----------------------------|---------|---|---------|
| | 2 | 024 | 2 | 025 |
| United States of America | ₹ | 129,433 | ₹ | 133,973 |
| United Kingdom | | 25,106 | | 21,675 |
| | ₹ | 154,539 | ₹ | 155,648 |

No customer individually accounted for more than 10% of the revenues during the three months and year ended June 30, 2024 and 2025.

Management believes that it is currently not practicable to provide disclosure of geographical location wise assets, since the meaningful segregation of the available information is onerous.

Notes:

- a) "Reconciling Items" includes elimination of inter-segment transactions and other corporate activities.
- b) Revenue from sale of Company owned intellectual properties is reported as part of IT Services revenues.
- c) For the purpose of segment reporting, the Company has included the impact of "foreign exchange gains/(losses), net" in revenues, which is reported as a part of operating profit in the interim condensed consolidated statement of income.
- d) Restructuring cost of ₹ Nil and ₹ 2,469 for the three months ended June 30, 2024 and 2025, respectively is included under Reconciling items.
- e) "Unallocated" within IT Services segment includes:

| _ | Three months ended June 30, | | | |
|---|-----------------------------|-------|----|-------|
| | 2024 2025 | | 25 | |
| Amortization and impairment expenses on intangible assets (Refer to Note 6) | ₹ | 1,782 | ₹ | 1,625 |
| Change in fair value of contingent consideration (Refer to Note 17) | | - | | 48 |

- f) Segment results of IT Services segment are after recognition of share-based compensation expense of ₹ 1,329 and ₹ 436 for the three months ended June 30, 2024 and 2025, respectively.
