

Wipro's Cloud Integration services

Enabling a digitally connected enterprise

Organizations across industries are embarking on technology transformation programs to effectively engage with the digital economy. Wipro offers consulting, implementation and managed services for Cloud to Cloud, Cloud to on-premise and hybrid integration scenarios and leverages multi-channel integration, IoT, API, Cloud, DevOps and service-based implementation to deliver connected experiences and create an agile and integrated enterprise.

Standardized approach to migration of integration services to Cloud

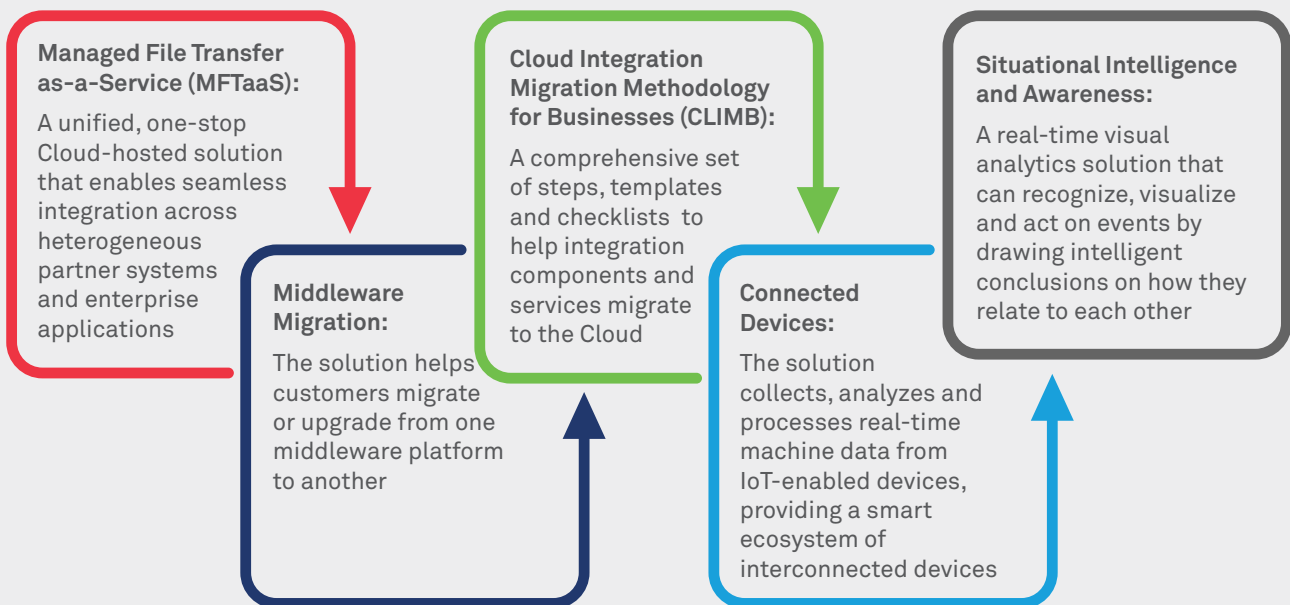

Wipro's service offerings on Cloud Integration

- **Re-host:** Applications migrated to the Cloud (lift and shift)
 - » Comprehensive migration of integration solution into Cloud
 - » Hybrid and Cloud to Cloud Integration
- **Re-factor:** Applications re-architected to the Cloud
 - » Omni-channel integration
 - » End-to-end API development and integration
 - » Microservices development
- **Re-platform:** Applications re-platformed to the Cloud (lift and shift with minor modifications)
 - » B2B Integration (EDI, B2B, MFT, LFT, ad-hoc file transfers)
 - » Partner onboarding and document tracking

Platform and solutions

Wipro's Digital Integration as-a-Service is a smart, hybrid and elastic platform for integration of everything, from businesses and applications to Cloud and Things. The platform is built on a Cloud-first, API-first and microservices-based architecture to ensure digital readiness and can be operated in as-a-Service or hybrid models. The platform has several solutions to fast track enterprises' Cloud Integration programs including:

Product evaluation, proof of concept, methodologies, solution accelerators and reusable components for Cloud Integration

Success stories

- **Global healthcare major:** Implemented Dell Boomi as an iPaaS platform to enable seamless integration with all endpoints and other bespoke applications
- **Leading fashion retailer:** Integrated Cloud-based ERP and e-commerce solutions with external logistics providers for a seamless supply chain experience resulting in 60% reduction in order-to-shipment time
- **Global filtration company:** Wipro's MFTaaS solution accelerates business velocity with over 90% reduction in invoice loading time
