

Microsoft modern digital workplace

New age collaboration
leveraging Microsoft 365

A digital workplace encompasses all the technologies that employees utilize to perform their roles, ranging from HR applications and core business applications to supplementary applications. Microsoft modern workplace (M365) provides a comprehensive and connected environment in which employees can enjoy secure, highly reliable platforms for exchanging ideas, having conversations, collaborating and doing their best work.

Helps unlock creativity among the enterprise workforce

Facilitates automation in transforming workforce by leveraging new age BOTs

[More than 1,200 M365 evangelists helping customers in implementing Microsoft digital modern workplace solutions](#)

Our solutions

Smart sales – A modern experience solution weaved around the Microsoft 365 platform and Witty Parrot to empower enterprise sales practitioners. The Smart sales platform is a revolutionary platform that helps sales personnel boost their productivity and sales efficiency by helping them at each stage leveraging augmented reality, artificial intelligence, Computer Vision, Machine Learning, Conversational Systems etc. to perform tasks efficiently.

Knowledge box – Framework around Microsoft 365 platform and Witty Parrot to enable knowledge based implementation within the enterprise.

Workplace transformation platform – Accelerating the overall migration process to Microsoft 365 with IP enabled automation process and tools.

Helped the top 30 Fortune customers on complex Microsoft 365 transformation journeys

Wipro conversational assistant – Cognitive service and AI powered virtual chat assistant that improves productivity and reduces the incidents.

Digital workplace factory – Shared service and industrialized delivery center for implementing and supporting digital workplace solutions across customers.
