

Oracle Generation 2 Cloud Infrastructure

Kickstart your journey to the Cloud

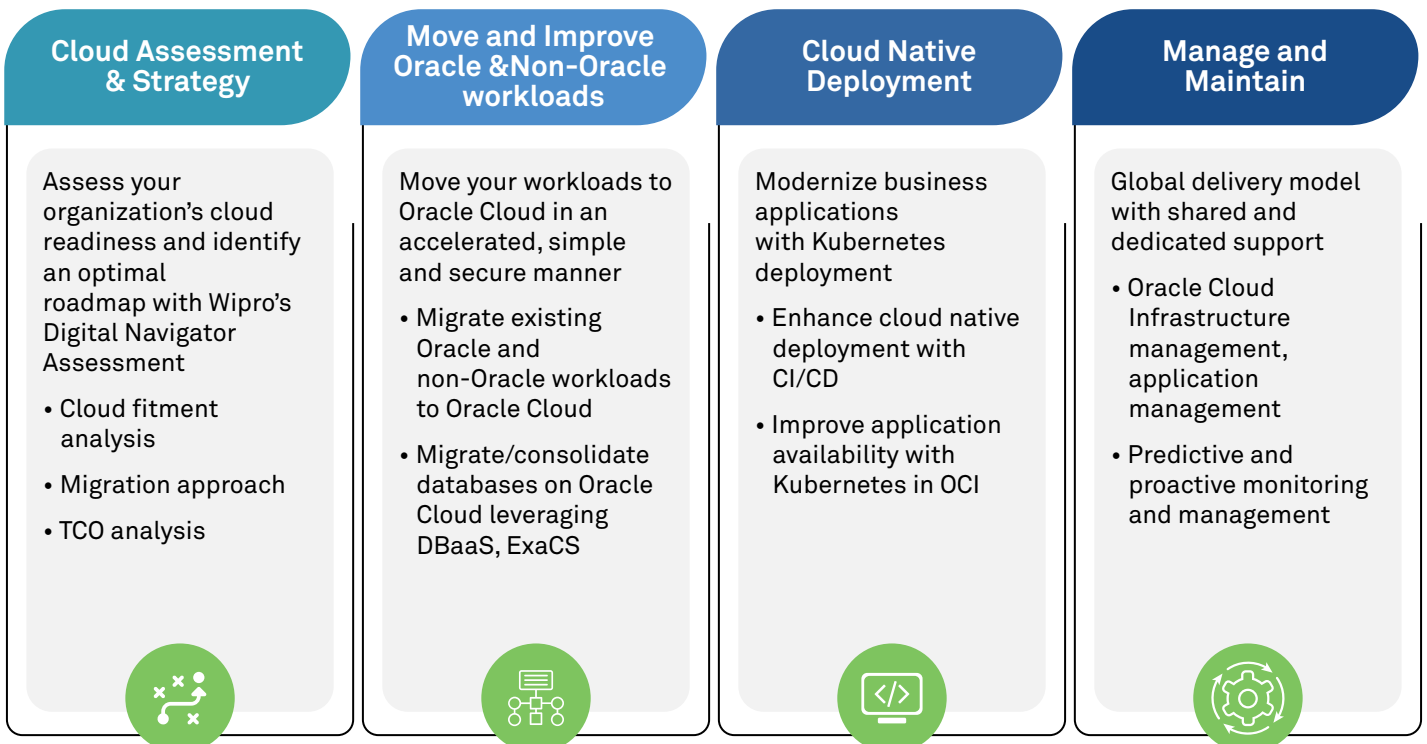

Organizations today are being driven by the need to modernize and improve agility. At the same time, they aim to reduce risk and expenditure. In this scenario, cloud has emerged as the favored path to accelerate business and innovate on the go. Analysts indicate that over 75% of enterprises will shut down their traditional data centers in the coming decade.

Leading this change is Oracle Cloud Infrastructure Gen 2 – Cloud services that enable you to build and run a wide range of applications and services in a highly available hosted environment.

Oracle Cloud Infrastructure (OCI) offers high-performance compute capabilities, Database as a Service (DBaaS), ExaData Cloud Services (ExaCS) and storage capacity in a flexible overlay virtual network that is securely accessible from your on-premises network.

Wipro, a Cloud Solutions Provider Expertise (CSPE) partner for OCI, provides future-ready solutions on Oracle Cloud Infrastructure. Wipro brings consulting expertise, cloud solutions and industry expertise to help customers propel their digital transformation journey with Oracle Cloud.

Wipro's offerings on Oracle Cloud Infrastructure:

Wipro's differentiators:

Managed Service Expertise (MSE) partner for OCI

- Expertise badge for Oracle E-Business Suite for North America
- Over 600 OCI certified consultants

Wipro's Disaster Recovery as a Service

- Wipro's proprietary offering to host disaster recovery environment on Oracle Cloud as an OpEx model with high scalability and availability
- Savings on license and infrastructure costs

Zero Cost Transformation to OCI

- Free Cloud assessment, PoC and migration to OCI
- Free transition
- Wipro will buy OCI subscription on customer's behalf for Non-Prod, Prod and DR environments
- Wipro takes ownership of Managed Services comprising of Infrastructure and Application Administration
- Up to 25%-40% TCO reduction

Cloud Transformation Platform

- Automated workload discovery and move-group creation
- Semi-automated migration execution

TCO Savings Calculator for OCI

- Compute/Compare TCO savings between on-premise and OCI environments
- DIY mode

Wipro's success stories:

For one of the largest global video gaming companies

Migrated Oracle E-Business Suite, boundary applications and disaster recovery setup to Oracle Cloud Infrastructure

Benefits

- OpEx model with high scalability, 35% reduction in operation expenses
- Improved user experience due to enhanced overall system performance
- Committed Recovery Point & Time Objectives (RPO & RTO) with Wipro's Disaster Recovery as a Service
- Enhanced the ability to innovate using the new cloud environment

For a large global semiconductor company

Migrated over 40 Oracle and non-Oracle workloads, and entire disaster recovery setup from on-premise to Oracle Public Cloud Infrastructure

Benefits

- CapEx to OpEx model
- Re-usability of existing hardware for other project requirements
- Lower total cost of ownership

For a British low-cost airline

Implemented Wipro's TOPS on Oracle Cloud Infrastructure to support all major processes in airline flight operations

Benefits

- OpEx model with high scalability
- Application availability uptime of 99.995%
- Reduced turn-around time for operations from 4 weeks to 4 hours

For a principal public transit and transportation provider in the US

Migrated Oracle PeopleSoft Financials, HR and EPM applications to Oracle Cloud Infrastructure

Benefits

- OpEx model with high scalability
- Faster response time for refresh and cloning
- Improved DR solution with Wipro's Disaster Recovery as a Service
- Customer cloud objective met by migrating their workloads from secondary data center into OCI
