

Introduction

The COVID-19 crisis has underlined the limitations of legacy/on-premise CRM solutions because of issues in accessibility, availability and scalability. Organizations want to move to Dynamics 365 Cloud to overcome these issues. The upgrade process can be daunting without the knowledge of right tools, frameworks and best practices.

The solution

Wipro's Destination Cloud solution mitigates and accelerates this journey to Dynamics 365 Cloud from your existing CRM systems such as Siebel, MS CRM 20XX, SFDC, Clarify or locally developed CRM solution.

Accelerate your journey to
Dynamics 365 Cloud with Wipro's
Destination Cloud solution utilizing
Wipro's world class delivery model

Why Destination Cloud?

Holistic approach for pre-upgrade, upgrade and post-upgrade phases

Upgrade frameworks to ensure success

Right strategy, tools and accelerators for data migration

Leverages Agile DevOps for delivery

Key benefits

Wipro's Destination Cloud solution can help accelerate your journey to the Dynamics 365 Cloud. We offer innovative solutions to upgrade functionality, migrate data, map users, and optimize

storage for attachments. We also have structured processes for delivery, best practices and lessons learnt from years of successful upgrades.

Our value proposition:

Features

Wipro's Destination Cloud solution consists of upgrade frameworks, upgrade analyzer tools, data migration tool, accelerators, best practices, and templates spanning the entire gamut of pre-upgrade, upgrade and post-upgrade phases.

Our delivery approach welcomes process modification/transformation depending on customer's change appetite

Helping customers rapidly upgrade to dynamics 365 Cloud without compromising on data, functionality and security
