

## Wipro's Safe Workplace solution – powered by ServiceNow

Enabling enterprises to quickly adapt to the new normal by ensuring workforce and workplace readiness

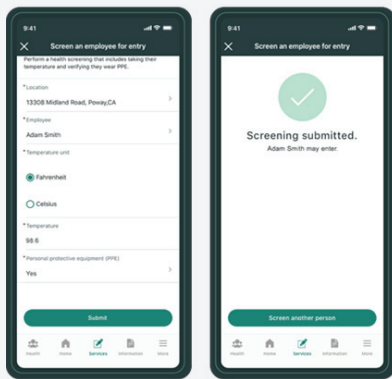

As organizations bring back their employees to the workplace, Wipro offers its process transformation and platform implementation services for rapid deployment of the Safe Workplace application suite, to manage the essential needs and services for reopening.

**Boost productivity by ensuring a safe and secure workplace through the digital capabilities of the Now platform**

### Key features

- **Employee readiness survey**  
Gauge readiness to return to the workplace and determine how to make employees feel safe
- **Employee health screening**  
Screen employees before entering the workplace for compliance with entry requirements
- **Workplace safety management**  
Create a safe, managed return process with distancing plans, shift assignments and sanitation scheduling
- **Workplace PPE inventory management**  
Manage your PPE inventory across locations and facilities
- **Safe workplace dashboard**  
Available at no charge, the dashboard displays data from all the Safe Workplace apps so you can quickly evaluate your current state of readiness.

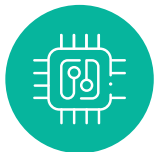

**Rapid deployment with readymade templates and handpicked team of process and platform experts**

## Key benefits

Reduce revenue leakages through quick restarting of the business

Respond faster to security incidents

Wipro's Holmes based AI/ML capabilities and IoT solutions to provide a complete digital experience

Quick video-based consulting, assessment, process modeling and automated reporting of progress via pre-defined KPIs
