

A man with a beard, wearing a light blue button-down shirt over a white t-shirt, is sitting at a wooden desk in a kitchen-like setting. He is looking down at a tablet computer he is holding in his left hand, while his right hand rests on a laptop keyboard. On the desk, there are papers, a green mug, and a pen. The background shows a kitchen counter with a coffee maker and a sink.

Wipro CnNXT platform Integrated Buyer Workbench

A platform for autonomous, flexible, agile and continuously improving P2P operations at scale

Global organizations are seeking to enhance efficiency of their operations through automation and real-time analytics. They are looking for touchless processing and guided buying for procurement while collaborating with suppliers to generate additional revenue streams. Wipro CnNXT – Integrated Buyer Workbench helps various stakeholders to run, improve and take business decisions regarding end to end p2p operations. These process efficiencies can be achieved by utilizing Wipro CnNXT platform which enables different stakeholders to achieve operational efficiency, enhanced control and the ability to take crucial business decisions.

A platform for running an autonomous, flexible, agile and continuously improving P2P operations at scale.

Key takeaways

Operational takeaways: Ease of buying and selection of suppliers coupled with digitization and automation of operations to facilitate operational efficiency and real-time decision making

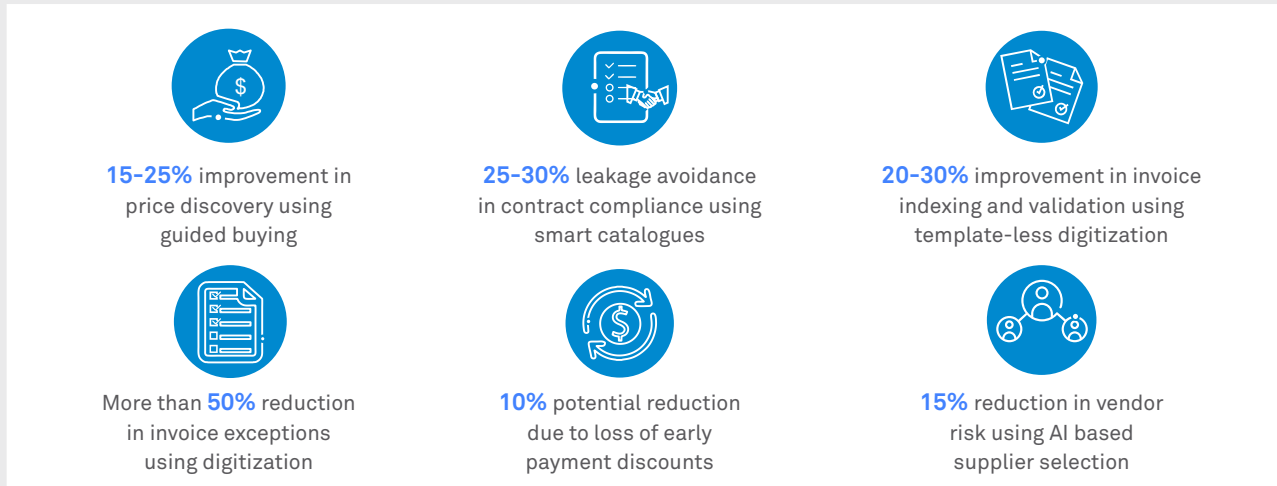

Controller takeaways: Monitor operations and budgets real time with automated approval systems with notification for exceptions enabling ease of change management

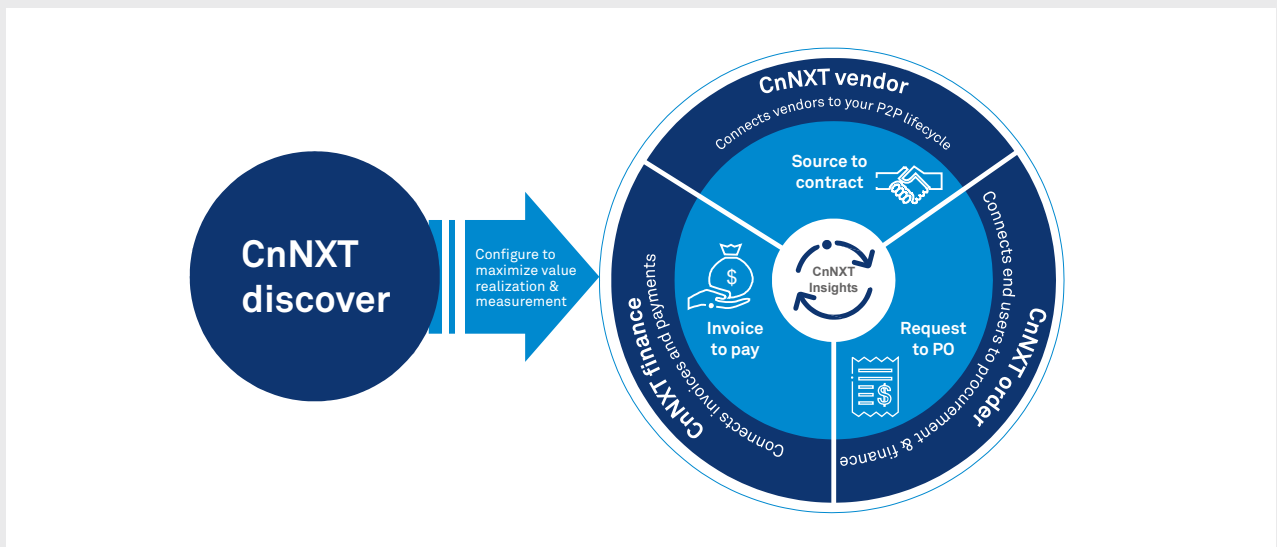

Business leader: Integrated low code-no code platform catering to back-, mid- and front-office operations for enhanced working capital and spend management optimization

Key benefits

Key Modules

Discover value locked in your procure-to-pay function using our combination of human and data-centric assessment programs coupled with embedded technology interventions to enhance efficiency, effectiveness and experience
