## Wipro's Successes with AWS

**Automatic detection of defects in real-time** without manual intervention for Delta Drone, through a 3D imaging-based fault detection analytical platform, leveraging intelligent algorithms

Seamless support to over **2mn online users** of a large US-based education solutions provider, **saving 30% cost**, with on-demand capacity scaling and 24x7 hybrid cloud management

Partner in **migrating 2000+ applications** of a leading Australian Banking and Insurance firm to the Cloud, iteratively improving the quality of application migration, while reducing the Cloud migration time

**Seamless online accessibility** for the customers of a large UK-based insurance provider through Hybrid Cloud Management, reducing administrative and IT burden through automation

**65% cost savings** for a leading UK-based publishing and information provider with the Continuous Delivery Platform for DevOps, reducing both project costs and development time

**40% reduction in effort**, from 38 hours to 23 hours per day for a leading US-based Digital Marketing firm, by building a cloud-based managed Big Data platform

**Developed a clear Cloud roadmap** for a leading European oil and gas major, by building an AWS Center of Excellence, migrating applications onto the AWS cloud, and managing it

## Wipro and AWS

Wipro has been an AWS alliance partner for over 5 years, and has extensive experience in implementing cloud infrastructure and deploying cloud applications for its customers. For the last 2 years in succession, Wipro has been selected by AWS as its **Premier Consulting Partner** in the AWS Partner Network (APN). This designation highlights Wipro's significant investments in the Cloud and AWS practice, developing innovative leading-edge solutions, providing exceptional customer service and support, helping a large number of significant customers migrate to AWS, and building strong consulting capabilities on AWS.
