

Wipro Cloud Studio.

The relentless pursuit of innovation
to accelerate cloud-led transformation

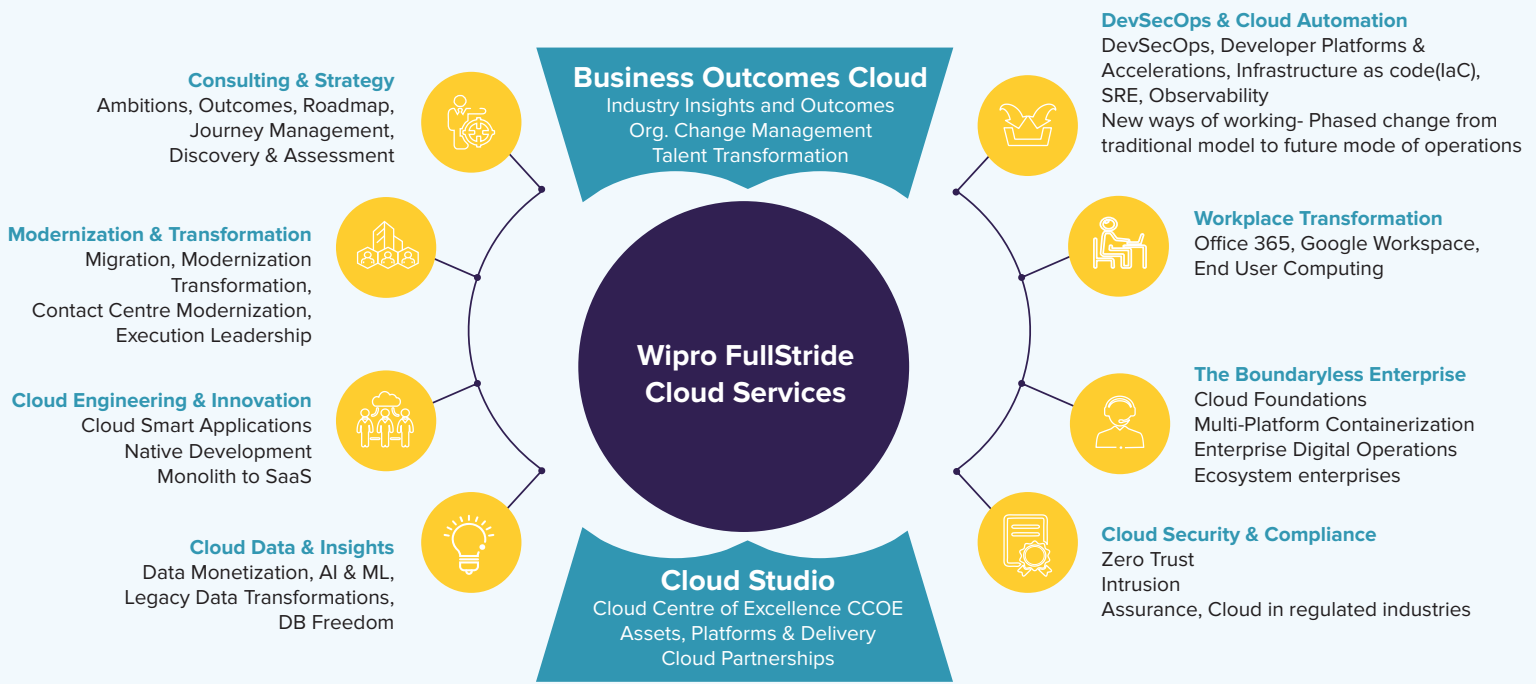

Wipro FullStride Cloud Studio delivers transformative business value through the relentless pursuit of innovation. Our teams of industry leading strategists, designers, technologists, architects and engineers empower our clients to think differently and rediscover the art of the possible to creatively transform their businesses faster and accelerate growth.

Our industrialized 'as-a-Services' model leverages Wipro's platforms, IPs and talent – along with native and niche tools developed by hyperscalers and partners. As an ecosystem integrator we collectively bring together thinking from domain experts, technologists and industry partners. Cloud Studio is a unique one-stop innovation driver that accelerate business outcomes and value for clients that address their most complex modernization challenges.

Our expertise.

We have deep experience delivering transformative cloud engagements across every major industry. Our Cloud Studio brings together a unique set of solutions and platforms to fast-track our clients' cloud journey. With 1000+ standard blueprints and 40+ industry solutions, we act as an integrated workbench to easily plan, create, design, develop and manage cloud projects with an automated and industrialized approach. This includes new cloud native applications, platforms and assets to address clients unique business challenges. This ensures we deliver the right cloud-related capabilities, offerings and talent to better orchestrate the cloud for clients no matter where they are along their journey.

Key benefits.

5X faster
Cloud adoption at 30% lower costs

3X faster
business acceptance

90%
automated post-migration activities

360° view
of IT Estate enabling informed decisions
