

## NetOxygen Launchpad Digital Platform

Kick-start your digital origination with  
NetOxygen Launchpad borrower/banker portal

NetOxygen Launchpad portal transforms the loan application experience by enabling device/OS independent access, online chat, actionable real time to-do items, uploading of documents with ADR/OCR capability, upfront verification and e-closing.

### Key takeaways

Device and OS agnostic portal allows customers to apply and interact with their loan anytime, anywhere.

Upfront verification and integrations with key data providers enable faster application submission, faster approval, and shorter closing time.

Chatbots, “just-in-time” messaging, and text alerts available throughout the loan lifecycle for continuous borrower engagement and improved throughput.

Innovative solution to engage users, increase transparency, build borrower trust, and improve pull-through rate

## Key benefits

Borrowers can view their application status on an intuitive dashboard, respond to queries, e-sign disclosures and initiate communication with your staff.

Offers banker's view to enable originators to take an application on the borrower's behalf and access their pipeline.

Enables to originate a spectrum of products on one platform with streamlined application screens for mortgage, home equity, consumer and credit card loans.

Provides clarity and improves borrower confidence through messaging with lender contacts.

# Digital lending platform to streamline, accelerate and automate loan origination

OCR/ADR engine ensures that the correct documents are captured from the customer initially to reduce loan churn.

e-Sign disclosures for a paperless, fast borrowing experience.

## Features

A real-time actionable to-do list for the borrower to upload documents, provide clarifications for any outstanding items e-sign disclosures and reduce the cycle time up to 50%.

Integrated with NetOxygen LOS to display the real-time loan status on a personalized visual dashboard.

Document center displays all borrower-uploaded documents, disclosures and third party documents (AVM, Appraisal, etc.).
