

About Wipro

Wipro Limited is a leading global information technology, consulting and business process services company. We harness the power of cognitive computing, hyper-automation, robotics, cloud, analytics and emerging technologies to help our clients adapt to the digital world and make them successful. A company recognized globally for its comprehensive portfolio of services, strong commitment to sustainability and good corporate citizenship, we have over 200,000 dedicated employees serving clients across six continents. Together, we discover ideas and connect the dots to build a better and a bold new future.

We began our business as a vegetable oil manufacturer in 1945 at Amalner, a small town in Western India and thereafter, forayed into soaps and other consumer care products. During the early 1980s, we entered the Indian IT industry by manufacturing and selling mini computers. In the 1990s, we leveraged our hardware R&D design and software development expertise and began offering software services to global clients. In 2013, we demerged the non-IT Diversified Businesses. With a track record of over 30 years in IT Services, we are, today, focused entirely on the global Information Technology business. Wipro is listed on National Stock Exchange and Bombay Stock Exchange in India and New York Stock Exchange in the US.

In December 2020, we completed 75 years of transformation powered by Values, People, Purpose.
